Recovery Services

Peer-based recovery supports provide a range of person-centered and strength-based supports for long-term recovery management.

We are looking to partner with Faith-Based Congregations and Community Based Organizations to provide innovative services to their members who struggle with substance abuse, FREE OF CHARGE, thanks to a grant provided by SAMSHA.

This proven treatment program will make a life-changing difference in the lives of those willing to follow the protocol.

“Recovery with Dignity”

MISSION STATEMENT

“The mission of Elmhurst Home, Inc. is to provide person centered, stage matched, evidence based residential treatment for persons with a substance use disorder including persons with co-occurring disorders. Our primary goal is to assist each person served to achieve and maintain recovery and to improve every aspect of their quality of life.”

HISTORY

Elmhurst Home, Inc. was founded in the late 1970s by James and Naomi Oden. For many years prior to opening Elmhurst Home, James and Naomi would have different meetings in their home to help encourage those who they called “down on their luck.”

In 1970 they saw a growing drug epidemic in the City of Detroit and recognized that something had to be done. Their vision of community was one of people consistently giving back to help those in need.

James & Naomi Oden, Founders

This vision and passion birthed Elmhurst Home, a place where those suffering from addictions and criminal behavior could come to experience positive life transformation. Elmhurst Home started with personal donations and a building. It has expanded throughout the years to a regionally supported multi-campus facility.

“You have to always put yourself in someone else’s shoes and realize that success is when you are able to give each other a hand.”

Naomi Oden
Co-Founder
