

Tell Tale Sign

Rachael Martin 11,21,2017

I heard this title earlier today so I googled it and the definition popped up:

A **tell-tale** or **telltale** is an indicator, signal, or **sign** that conveys the status of a situation, mechanism, or system.

What is the Lord giving you a tell tale sign of these days?

The status of a situation?

Is there a situation that you are in or going through or getting ready for that you believe the Lord may be trying to show you something important about it?

The status of a mechanism?

Is there something in your life that's not operating correctly or as God intended it and He wants to show you how to operate it more smoothly or how to even fix it?

The status of a system?

Like it or not, times will come and go where we need to make sure we are still working a system that makes forward progression. Sometimes we need to make sure certain methods aren't out of date and in need of a different approach or re-wiring. These days - - everything needs to be updated occasionally.

It may even be the Lord showing you the times we are in and how to pray effectively.

Go ahead and ask the Lord to give you wisdom concerning anything He may be trying to convey to you and then THANK HIM for showing you and we pray the Lord will continue to order your steps accordingly and show His Tell Tale Signs as He sees fit.

Proverbs 24:5-6 - ⁵ The wise prevail through great power, and those who have knowledge muster their strength. ⁶ Surely you need guidance to wage war, and victory is won through many advisers.
