# 2024 Climate Benefits

Composting 440 tons of organic waste helps save space in the landfill and reduces greenhouse gas emissions equivalent to:

**200 Metric Tons of CO2 Equivalent  
Diverted from the Atmosphere**

**42 Passenger Vehicles  
removed from the road**

**290 Acres of  
Forest Conserved**

**9200 CFL  
Lightbulbs Installed**

Elements Permitted the first  
**Class 1 Composting Facility**  
under Colorado's new  
environmental regulations!

**Awards!** We were proud to be named  
*Recycle Colorado's Composting  
Champion in 2024!*

**THANK YOU!!** To our staff, customers &  
supporters - we couldn't do it without you!
