

God is Our Caregiver

Our prayer topic this month is not new to the Desert View team. It is one we have prayerfully considered for quite some time, approaching it in a variety of ways, and we will continue to do so, because it is central to healing in Christian Science and thus to Christian Science nursing.

God is the true caregiver of each of us. What a promise, isn't it?

What we'd like to do is invite you, our community, to join us on this journey. What does it truly mean that our divine Father-Mother is uninterruptedly sustaining Her/His creation? We can count on this uninterrupted care!!

The Bible, Mrs. Eddy's writings, hymns, and our periodicals are chock full of promises and inspiration. You may already have a list of favorite go-to citations.

Here are just a few suggestions:

"God is the divine Principle of all existence, and...man is his idea, the child of his care."
(Japhet, Science and Health with Key to the Scriptures, p. 589)

Trust all to God, the Father,
Confide thou in none other,
He is thy sole defense;
He cares for thee past measure,
Seek Him who has thy treasure,
Thy helper is omnipotence.

(Christian Science Hymnal, No. 361)

"The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore, with lovingkindness have I drawn thee" (Jeremiah 31:3).

"This is the Father's great Love that He hath bestowed upon us, and it holds man in endless Life and one eternal round of harmonious being" (Miscellaneous Writings 1883-1896, p. 77).

Please join us on this path exploring the promises and feeling the comfort of divine Love's embrace. What have you found meaningful? Let us hear from you, and we will share your responses with the community, in subsequent monthly messages.

"Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort" (II Corinthians I:3).

Thank you in advance for all that you do in supporting the active ministry of Desert View and Christian Science nursing everywhere.
