Summer Villages Emergency Management Agency

Dear Agency Members:

It has been challenging and gratifying to serve as your Chair over these last months.

I believe through our collective efforts and with the help of our Provincial partners, we have successfully established an effective emergency management agency to serve our respective communities.

I have previously explained to Marcel Adamkewicz that I have been reappointed to the Municipal Government Board with the added duties to act as a training instructor for fellow members and municipal officials.

The MGB appointment is time consuming and will not leave enough time to properly participate in the agency.

Therefore as of March 15th I am resigning from the agency and also resigning as DEM for the Summer village of South View.

I have asked Shari Ives as Vice Chair to Chair the March 15th meeting.

Colleen Richardson has graciously stepped up to act as DEM for South View.

Special thanks to Marcel for his guidance and integrity in helping us move forward and special thanks to Colleen for taking on the role of DEM for South View.

Much success to you all and thank you.

Dear Mayor & Council,

Lac Ste. Anne County has received several requests in recent months inquiring about the possibility of having municipalities from the Ste. Anne Summer Villages Regional Emergency Management Agency (SASVREMA) "join" the Lac Ste. Anne County Emergency Management Agency (LSACEMA). I want to clarify that the County is not considering a transition to a Regional Emergency Management Agency (REMA). The size difference in our municipalities and the capacity needs of our Emergency Management Agency (EMA) are such that regionalizing would place unnecessary financial and human resource commitments on your organization. Additionally, the County could not assume liability for the obligations every municipality must meet under the Emergency Management Act.

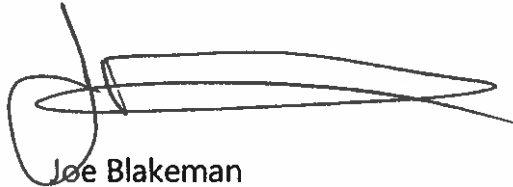

Any municipal or regional EMA formed in the County will receive an offer from Lac Ste. Anne County to support the EMA through an emergency management mutual aid agreement. Thus, providing access to the full strength of our EMA (resources equipment, volunteers and EMA staffing) to support your Director of Emergency Management (DEM) and EMA in a disaster under a request for mutual aid.

I would suggest if your municipality has questions about their EMA or the municipality's responsibilities under the Act, that a meeting with Mark Pickford and John Swist, our AEMA Field Officers may be helpful. They will be able to review with you all your obligations under the Act. I know that Robert Osmond the County DEM and Sherri Ives

①

the DEM for SASVREMA have spoken at length and continue to find ways for our EMA's to work together on items from training to mutual aid. The County is excited about the progress we see in the urban municipalities' effort in developing their EMA and we will be happy to continue to help where we can.

Sincerely,

Subject: Performance Indicators for Summer Village of South View

Dear Ms. Wendy Wildman:

In the 2018-2021 Municipal Affairs Business Plan, the ministry developed a new performance measure that would identify the percentage of municipalities that were deemed to be “not at risk” based on financial and governance risk indicators. This performance measure was developed in consultation with stakeholders, and will be used as a benchmark for measuring the ministry’s efforts to ensure Albertans live in viable municipalities and communities with responsible, collaborative and accountable local governments.

Beginning with the 2019-2022 Municipal Affairs Business Plan, the ministry will start reporting on this measure. The data collected for this reporting will be based on the percentage of municipalities deemed “not at risk” by evaluating 13 defined financial, governance, and community indicators (attached to this email). Each indicator has a defined benchmark, and a municipality will be deemed “not at risk” as long as it does not trigger a defined number of indicators. Municipal Affairs will publish the indicators for each municipality on the ministry’s website on a yearly basis.

The following indicates those measures where your municipality did not meet the “not at risk” criteria and are provided for your information.

2016

CI02-MINISTRY INTERVENTION

Heather,

See attached letter I received from AEP. We are getting close to the end of the review and application process. This was issued mid January so it takes a while to get through the system. Once I get the comments back we will update the plan as necessary and that should hopefully be the final steps.
