### **Welcome Nobles of the International Association of Shrine Motor Corps**

On behalf of Shriners International, I am pleased and proud to welcome you to the 150<sup>th</sup> Imperial Session in the magnificent city of Reno, Nevada. I hope each of you, your families and your friends have a wonderful time celebrating our bonds of brotherhood in the Silver State.

As members of the Shrine Motor Corps, you bring smiles to communities everywhere as you participate in parades, festivals and other events. Your unique vehicles are well known, and raise the profile of Shriners and of the health care system that we serve.

The contributions the members of your organization have made and continue to make to our fraternity and philanthropy are immense, and I commend you for your dedication. I am sure being a part of the Shrine Motor Corps brings you great enjoyment and pride.

Our Shriners Children's health care system has improved the lives of more than 1.5 million patients and families since 1922. Know that your commitment and dedication are an important part of that success. I'd like to give your families and friends a special thank you, as well, for we could accomplish far less without their steadfast encouragement and sacrifice.

I know you will enjoy the competitions and the opportunities to spend time with fellow nobles during the 2024 Imperial Session. Thank you again, for the difference you make by supporting Shriners International and Shriners Children's.

Sincerely,

James E. "Ed" Stolze

### INSTRUCTION TO THE JUDGES

It is not the intention of the IASMC to tell the judges how to appraise each unit for the scores they think it is entitled to or has lost because of something they see. We believe that a unit should not be discounted because of minor chips in paint or bluing of exhaust pipes, so long as they are polished and neat. This could happen to a motor just coming to the drill field. If it is their desire to award the unit all points it is allowed, then they will leave the space blank. However, if they wish to discount a unit points, they will put down only the amount they want to penalize the unit for each part on the score sheet. A penalty of 1/10 of a point per violation will be given on inspection.

Deducting points for each mistake made on the field as per the score sheets will score riding competition. Five judges will be used. The high and low scores of these judges will be discarded. The remaining three will be averaged and deducted from 100. This is the score for the participant. It is not the desire of IASMC to interfere with the nomenclature or types of maneuvers that a unit performs. The number of maneuvers (other than required) is counted as an objective count of variety. The highest number of optional maneuvers performed in each classification is used as the denominator for each other unit in the classification and that number multiplied by ten (10) determines the Score for Variety. The Chief Scorer will perform that function.
