## RV - CAMPER - TENT REFRESH PREMIUM

### Precautionary Statement

#### Hazardous to Both Humans and Animals

Caution: May cause moderate eye and throat irritation.

Avoid contact with eyes or clothing. Avoid breathing dust and allowing dust to get in eyes. Wash hands thoroughly after handling. Wash contaminated clothing with detergent and water.

#### Chemical Physical Hazards

This product contains an oxidizing agent. Do not mix with acids or chlorine. Avoid any contact with sparks, flame or burning materials.

### MOLD, MILDEW, AND ODOR CONTROL

Deodorizing delivery system for the generation of chlorine dioxide for control of mold, mildew, chemical, and other odors in confined spaces.

#### TIPS for treating a VEHICLE

1. Always clean out debris and vacuum the vehicle being treated.
2. For best results change cabin air filter prior to application.
3. Never use when surfaces and/or carpeting or flooring is wet.
4. Pull down sun visors, open glove box center console, and trunk pass-thru area.
5. Stand the floor mats on edge and leave in vehicle.
6. After treatment time has expired, quickly enter vehicle and turn the heater fan on high and select recirculation. Do not start the vehicle. Exit the vehicle and allow fan to run for 15-20 minutes.
7. **Make sure vehicle is completely sealed. All windows, sunroof, trunk lid, and doors must be completely shut.**
8. **Remove vehicle from direct sunlight. Sunlight and/or UV light will neutralize the product.**

**Prior to application, wear proper PPE: Safety Glasses, Gloves, and an Apron.**

### FIRST AID

#### DO NOT CONSUME CHEMICAL CONTENTS

If Eye Contact	<ul style="list-style-type: none"><li>• Hold eye open and rinse gently with water for 15-20 minutes</li><li>• Remove contacts after the first 5 minutes then continue rinsing the eye</li></ul>
If Inhaled	<ul style="list-style-type: none"><li>• Move to fresh air</li></ul>
If Swallowed	<ul style="list-style-type: none"><li>• Sip a glass of water if able to swallow</li><li>• Do not induce vomiting unless told to do so by a doctor or poison control center</li></ul>
If Skin Contact	<ul style="list-style-type: none"><li>• Rinse skin immediately with plenty of water for 15-20 minutes</li><li>• If on hands, avoid touching clothes. May bleach fabrics.</li></ul>

### **NEVER LEAVE PETS OR REMAIN IN A ROOM OR VEHICLE DURING APPLICATION**

#### *Directions*

1. Remove contents from the clam shell (plastic container).
2. Place the Odor1 orange launcher tub with the red protective bottom on a **flat surface** in the vehicle. Avoid placing on carpet or carpeted floor mats.
3. Using the 2oz measuring cup included, fill with **lukewarm or room temperature water**. Pour into the bottle marked "PART 1". Recap bottle and shake lightly. Pour directly into the Odor 1 orange launcher tub.
4. Using the 2oz measuring cup included, fill with **lukewarm or room temperature water**. Pour into the bottle marked "PART 2". Recap bottle and shake lightly. Pour directly into the Odor 1 orange launcher tub.
5. Exit the vehicle and close the door. Allow the activated product to work for at least 3 hours. For vehicles with heavy odor, it is recommended the product be left in the vehicle overnight.
6. After application time is complete, roll down all windows and air out the treated vehicle.

\*Dispose of all packaging and remaining contents into a recycle bin or trash can.
