

THE LION'S GATE

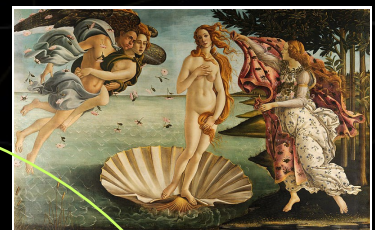

BIRTH OF VENUS, THE BRIGHT AND MORNING STAR

The purpose of this illustration is to highlight several celestial occurrences during the summer of 2013 and present a depiction of the unique and cosmic planetary alignments specific to the date of July 29, 2013 called the Lion's Gate alignment. This concerns the celestial imagery of the 'Birthing of Venus'. It is set to occur in the midst of the start of the Star of David planetary alignment of July 22, 2013 and the Grand Cross alignment starting around Aug 17, 2013. What is of interest is that this 'Birthing of Venus' occurrence features the formation of a Celestial Pentagram in the Heavens. There are 3 celestial signs of the Hexagram, Pentagram and Cross are but a continuum of the same event back-to-back as if they were the required 'combination' that make the wards of a key that perhaps will unlock the Lion's Gate. It maybe a sign at this time, a type of Venus—as in a woman or 'Bridge' that might will go forth to the other side. Not only does it appear that the planet Venus is being 'birthed' out of the Celestial Pentagram, but that on July 29, 2013, Venus will be dead center on the 'Lion's Gate'.

The Fall of Lucifer A type of Venus

The Earth and Venus celestial birth canal is aligned with Neptune, thus having a possible Aquarian New Age connection as well. Aquarius is one of the 4 cardinal points of the universe and that of the Mazzaroth or Zodiac. Perhaps this conjunction is alluding to the coming of the New Age or as some would rather state, New World Order.

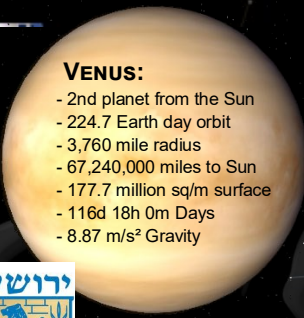

(Aquarius)

In the 3D illustration of the Solar System, the imagery of the Celestial Pentagram is that of a 'birth canal'; but along the Ecliptic from Earth's perspective, that makes for a 'gate', door, or portal with the constellation Leo. Why the Lion's Gate? Well one interpretation is strikingly Biblical. It is the door into Mt. Zion. It is the 'Gate of the Great King', the Messiah. As this principle and concept is mirrored on Earth in Jerusalem, Israel, perhaps the corresponding and actual celestial one is about to be opened perhaps. This is only a correlation, and opened.

The Mazzaroth

Astronomically speaking, there are 4 constellations -Virgo, Leo, Cancer and Gemini that make up the celestial Lion's Gate configuration spectrum. This celestial gate is accented by 2 'pillars' that are bookended by the Giant planets of Saturn and Jupiter. Together, they make up the door or portal that is known as the Lion's Gate. The center point of the door or where the 'gate' is situated is in the constellation Leo, thus the name Lion's Gate.

VENUS:

- 2nd planet from the Sun
- 224.7 Earth day orbit
- 3,760 mile radius
- 67,240,000 miles to Sun
- 177.7 million sq/m surface
- 116d 18h 0m Days
- 8.87 m/s² Gravity

The Celestial Pentagram planetary alignment of July 29, 2013 also thus provides the celestial concept of a spectacular opening of a 'gate', a celestial portal if you will. This 'gate' is known as the Lion's Gate in which Venus traverses along the Ecliptic during that time but specifically on July 29, 2013, Venus will be at the heart of the constellation Leo. This imagery is as though Venus is coming out and perhaps others will go in. The constellation Leo is associated with Kingship, Royalty, a man, a King, Messiah, Christ, the Divine Male, etc. What is striking is that the major Giant planets Jupiter and Saturn flank the 'gate or portal at which time, will be illustrated by 2 pillars.

This Pentagram can be anthropomorphized as a 'women in labor' giving birth.

The Aquarian Age to Come
Celestial Birth Canal
PORTAL

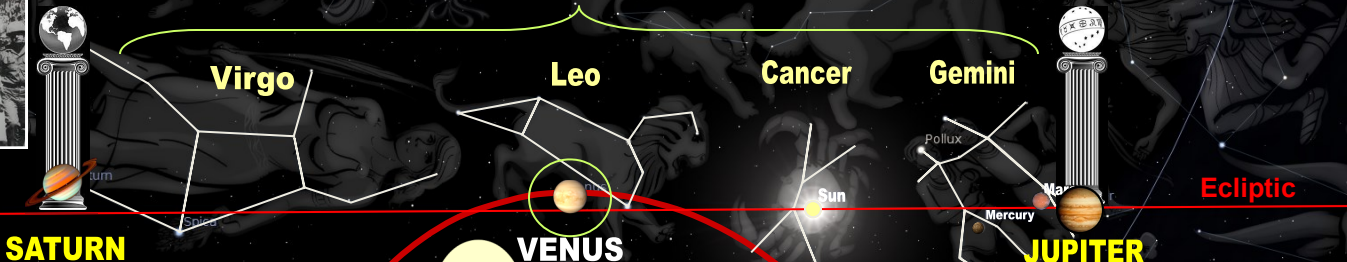

It is from Solar System 3D perspective that there is an illusion of a 'birthing' canal that protrudes from Earth where Venus is traversing the birth canal to be born in-between the 2 legs of the Celestial Pentagram. The Earth functions as this 'womb' of sorts at this juncture according to the celestial configuration -at this time.

SATURN

It is precisely on July 29, 2013 that the Sun will be stationed directly over the Bee Hive of Cancer. The symbolism of the 'Sun' getting the Sheep from the pen could not be more striking. Again, this symbolism is not to set a possible date for the Rapture but that the celestial planetary configurations due to their alignments strongly suggests at least a picture or type of what is prophetically has to be in place as described in the Bible.

The Celestial Key Combination

33 DAYS

NOTE: The 'Star of David', alignment is actually a 'Twin' occurrence as the one in 1996, 7-years apart. The initial composition starting in July 22 will gradually rotate to mirror its 'symbol' around Aug 25.

THE SHEEP PEN (BEE HIVE)

The Bible figuratively describes Christ having set aside a Sheep Pen or cluster where the sheep are kept safe until He calls them home through a 'gate' at the time of the Blessed Hope or the Rapture perhaps. Many ascribe this location it the Heavens as the sheep pen corresponding to the celestial 'Bee Hive' of the constellation Cancer.

JULY

AUGUST

The 3 specific and consecutive celestial alignments, beginning and ending with the 1) the Star of David, 2) the Pentagram and 3) Grand Cross alignments appear to function as a sort of 'combination key' that perhaps is set to open the Lion's Gate. In the Biblical context, the key is Jesus Christ. The Bible does emphatically state of Him that 'no one can go to the Father, if not by Him.' -John 14:6. In principle, a key is designed to either close or open a door.

The Grand Cross

Starting around Aug 17, 2013 - Aug 27, 2013

THE TIMING

Perhaps these 3 celestial key combinations during the summer of 2013, the Star of David, the Pentagram and the Grand Cross are all a sort of a combination to this celestial Lion's Gate or door that may be at the point of being turned and unlocked. According to some interpretations of Biblical Scripture, Christ promised to come and usher those that 'follow the Lamb wherever He goes.' His Sheep through a gate -that is a segment of humanity through the portals of Glory. Christ did declare, 'I am the door -of the sheep pen', -John 10:7

A NEW WORLD ORDER (RELIGION)

What is significant about this possible Celestial portal or Lion's Gate in comparison to previous ones is that it is combined with the 'Birthing of Venus.' Many speculate that it could be like such a time when the possible Rapture of the Church might occur. Perhaps it will related to events on Earth that will somehow push for the worldwide veneration of a New Age or Order in the vacuum of Christianity. It might be the time when the worship of Venus or Lucifer will be the only dominate world religion allowed. Perhaps it will be a fusion between the veneration of Mary worship of Catholicism and Islam's Moon God Allah that is attributed to Venus.
