

Field Use Checklist

Please initial each line:

___ Permit is being submitted ONLY 30 days prior to season starting. Travel seasons and regular league seasons are different and need separate forms. SC ONLY teams will take precedent over teams who have outside SC players which may mean we will reschedule your field if another applies and is applicable in this instance.

___ Make sure each line is filled in with the appropriate information.

___ If more than one field is being requested, forms need to be filled out for each field.

___ Specific Dates and times of practices and games.

___ All members of the board for that league, information needs to be on form.

___ Insurance information and copy of policy needs to be with forms.

___ All players' fees have been paid. Anyone from SC who has already paid for the year does not need to pay again

___ All waivers need to be filled out completely and turned in with field use form.

___ Current list of league officers

___ Practice schedules for the season

___ Tournament dates schedule and needs

___ Provide keys for any and all locks you install

___ NO RESERVATION DOCUMENT IS FINAL until you receive a call from SCA confirming it is approved.
