Does anyone remember the older Air Force Sgt.(67--68)..who had an office in the front hall down from the Colonel? He was a great writer. Was a POW in WWII and still wore his German POW Dog Tags.... Tall, white hair.... He wrote several documentaries that I narrated.

Dickie,

Apologies for a very slow follow-up. There was an AF TSgt John T. Antoniweicz with Radio, Saigon in 67-68. Does that name ring a bell?

Remember him very well, Jim. Went on to a big career covering the political scene nationally. Don't remember for whom. Tragically, passed away at a very young age.
