

How To Navigate Epic's New Virtual Class Site:

[Epic-Dance-Center.teachable.com](https://Epic-Dance-Center.teachable.com)

## *Login Instructions:*

- You can access the site by clicking [epic-dance-center.teachable.com/sign\\_in](https://epic-dance-center.teachable.com/sign_in)
  - \*If you have already set up an account, it will prompt you to login
  - \*If you did not create an account and password, please do so using the email EDC has on file for your family.
- Epic's site and classes are password protected to give you exclusive content as a registered family.
- You have reached the homepage, simply click on the blue button: **"Click Here for Classes"**
- Now you will see all the classes listed that your child is enrolled in. We are allowing families to have access to classes in the same age & level as your dancer. All families can also access the "Adult Fitness" content. Moms and Dads may need a Booty Barre class or Meditation exercise to get thru these next few weeks.
- Click on a class photo and it will bring you to the class curriculum. This will include Recital music, pre-recorded videos, and links to further helpful info like Dance BINGO cards or coloring pages.
- We are also uploading the Zoom live-stream classes after they run. So if you miss your child's live-stream on Zoom, you can watch it again from this site. Feel free to pause, rewind, etc.
- To view a video, click the link, please read the EDC disclaimer, then click play or the "arrow" and you are all set.
  - \*Videos are best in FULL SCREEN, click the bottom right symbol for "full screen".
  - \*To exit full screen, hit "ESC" on your keyboard.

*Check back frequently since we are adding material & content every few days.*

If you need further assistance, we have found the Teachable.com live chat to be very helpful.

You can also email any questions to Miss Sue at [dance@epicdancenyc.com](mailto:dance@epicdancenyc.com).
