

This Little Brown Sign Could Save Your Life!

The Iron County Forestry Department has partnered with the Snowmobile and ATV Clubs in Iron County to place brown, 3 digit number signs throughout the County at key recreation trail intersections.

In the event of an emergency, the 911 operator will ask you for this number. Their emergency response system can identify these numbers and give important location information to rescue personnel.

**Pay attention to these intersection number signs.
They can save lives!**
