Practice Limited to Allergy and Asthma by Appointment Only
Ronald E. Weiner, MD and Warren E. Frick, MD Certified ABAI

September 10, 2024

Dear Patient:

Effective November 26, 2024, Asthma & Allergy Associates PA will close its doors. We have made this difficult decision based on a combination of reasons, including family and health issues.

Dr. Weiner will be retiring from practice.

Dr. Frick will be joining Lawrence Otolaryngology 1112 W 6th St, Lawrence, KS.

If you are a patient of Dr. Frick, or if you see Dr. Weiner and would like to now see Dr. Frick please fill out the attached Medical Record release so your records will be transferred to Lawrence Otolaryngology and Dr. Frick can continue your care. For those of you getting allergy shots, these injections can be continued as planned and you can continue your allergy and asthma care with Dr. Frick. For your convenience we have attached a medical records release authorization form. If you have any questions on medical record releases, please email: med.rec@weareips.com, or call 785-403-0388, option #4. To expedite this process, we have outsourced this service. Please allow 30 days from the receipt of your authorization for your medical records to be transferred to another provider or be received by you.

You may also request that your records be transferred elsewhere if desired. Our staff will help you transfer your records to your primary care doctor or to another board certified specialist in asthma and allergy.

It has been a privilege and a pleasure to be your doctor. We have seen so many of you gain control of your health and engage fully in work, school, and activities you love. This has been our goal for every patient.

Again, thank you for entrusting us with your care, and we wish you good health in the future.

Dr. Ronald E. Weiner

Dr. Warren E. Frick
