## How TRIAD works

### S.A.L.T.

(Seniors and Law Enforcement Together)

The SALT Council is the advisory group which carries out Triad activities.

Members of most SALT groups include:

Police Chief(s) or designated Officers(S)

Sheriff or designee

RSVP

AARP

Agency on Aging

Mature/Retired Leaders

Home extension services

Emergency Response/Medical representatives

Any other agencies or individuals interested in the welfare of seniors.

A county may decide to have one county wide SALT group or each community may have its own with periodic coordination among the councils.

Most SALT councils meet monthly and carry out activities through the efforts of active subcommittees: crime prevention education, publicity, special events, reassurance strategies, elder abuse prevention, etc.

1. Educate: Sponsor crime prevention and victim/witness programs for older persons.

2. Assist: Recruit and train volunteers to assist the police and sheriff's departments.

3. Emphasize: Staff reassurance programs for older persons to reduce fear and provide moral supports.

4. Communicate: Provide a forum for law enforcement and the community to share needs and concerns and develop solutions.

5. Involve: Unites seniors, sheriffs and local police to identify problem areas for seniors in the local community.

From financial crimes to abuse and neglect, TRIAD's partnership with the community strives to help prevent crimes against older persons.

The Oklahoma City Police Department and the Oklahoma County Sheriff's Department are the two supporting agencies behind the program. The third and most vital part is the community.

Together the three groups provide education and victim-assistance programs to older persons living in the Oklahoma City community.
