

# THE GREAT WEE AUTUMN NATURE TREASURE HUNT

1. Identify and name five native trees or plants.
  2. Is there a tree growing here that you like a lot? Why do you like it so much?
  3. Name a tree that is fruiting or losing its leaves.
  4. Identify and name three bird species that you see or hear.
  5. Name one species of fish spotted in the river.
  6. Find and name three different insects.
  7. What was the ancient Māori trail from here to the other side of the hills?
  8. Sit or lie down and close your eyes. What natural things can you smell or hear?
  9. What are three activities not permitted in this nature space? Why?
  10. Find one item of litter/rubbish. Place it in the rubbish tin by the bridge or take it home.
  11. What is something new you have discovered during this nature hunt?
