## W.I.?J.A. - I WANT TO GET INVOLVED IN THE COMMUNITY

### What is Servitude?

With so many different definitions of what it mean to provide service to someone it is sometimes confusing for all to understand. Servitude is a great thing and it is the backbone of community service and community Involvement. So what is Servitude? It is a devoted and helpful follower or supporter. Another way of putting it as it relates to the community; it is a person who has a zeal for Improving the Community. Wow!!!!

### Do you believe in Civic Engagement?

Civic engagement means working to make a difference in the civic life of our communities and developing the combination of knowledge, skills, values and motivation to make that difference. It means promoting the quality of life in a community, through both political and non-political processes.

A morally and civically responsible individual recognizes himself or herself as a member of a larger social fabric and therefore considers social problems to be at least partly his or her own; such an individual is willing to see the moral and civic dimensions of issues, to make and justify informed moral and civic judgments, and to take action when appropriate.

### Now You Can.....
