

Schematic Design of Effluent Treatment Plant for Processing Industries by Combined Treatment (Biological & Chemical) Process

Flagship India

-  Micro Bubble Generator
-  Venturi Injector
-  Pump
-  Valve
-  Suction Line
-  Delivery Line
-  Sludge Line
-  Oil Skimmer
-  Hydrocyclone
-  Flash Mixer
-  Aspirating Aerator
-  Dosing Pump
-  Hollow Fiber Ultra Filtration Membrane Filter
-  Activated Carbon Filter
-  SS Mesh Cross Flow Filter / CIP Cartridge Filter / Disc Filter
-  Backwash Line
