

## Self Love Your Biggest Obstacle

March 4th, 2025

Humble us, Lord. Help us to empty ourselves of self, not because it's the way to have a more satisfying life, but because it's your way. Amen.

We read in 2 Timothy 3:2, *"People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to their parents, ungrateful, unholy,"*

Jesus began speaking, *"I know what you are thinking Beloved. It is getting close, but then every day it gets closer. But are you ready?"*

*"Only You can answer that, Lord,"* Mother Clare replied.

*"You know that self-love is still your biggest obstacle to holiness. Get rid of that and you will be ready."*

*"Thank You Lord. Please Holy Spirit and Holy Angels, alert me when I am about to act in self-love. I know I have a very corrupt nature and with all my heart I want it gone from me on every level."*

*"It is good that you are aware off that it will take less time to change it."*

*"What you are seeing online is nothing compared to the reality of what is there. The border area is honeycombed with underground passages. It has been used by thousands of enemy combatants to establish underground enemy bases. Donald is aware of them and is in the process of cleaning them out, but understand My little ones, there is nothing more hostile to them than your prayers. Because you have been faithful to pray, they are being discovered."*

*"Still My major focus is on the souls who have grown weary and are in need of a vision of Heaven to give them new hope. You have the means to do that, but will you?"*

*"Lord, is this a lying spirit about the Rapture being so soon?"*

*"How can I answer that beloved? I am looking also at what needs to be done, but it is true that celestial objects are moving into position to wreak major havoc. You may pray that these celestial bodies will be hampered and slowed down. You are a funny one...you want to leave earth, but you pray for delays. Don't you find that contradictory?"*

*"It's part of my self-love medicine."*

*"Indeed, it is My Bride."*

*"There is so much movement and so many events right now, Jesus, that I wonder what will happen next."*

*"Mexico is preparing to strike as we speak, we are very close to world war. This would be a very good time to prepare your children for what is coming. Do you remember the North Korean dream?"*

*"I do, Lord." It was a quiet night in a sleepy Florida town. People were just leaving from church in the evening, like on a Wednesday night, and a swarm of warriors came silently up the beach and spread out to the eastern*

mountains and snipers were in the trees of the Southeastern forest. Readyng themselves to strike! Ewhh, I get shivers just thinking about this dream.

Let us pray and prepare, dear family, for what is to come. As the Lord guides, prepare yourselves and all of your loved ones.

May God bless you and keep you.
