

# Okaloosa County Master Gardener Speaker's Bureau

## Available Program Topics

The mission of the Okaloosa County Master Gardener Association is to assist extension agents in providing research-based horticultural education to Florida residents. We have a very active Speaker's Bureau of Master Gardener volunteers available to provide presentations on a wide variety of topics to area organizations. A list of many of our program topics is included below.

Please contact one of our Speaker's Bureau Coordinators at [aogle2@outlook.com](mailto:aogle2@outlook.com) or [karengarden@cox.net](mailto:karengarden@cox.net) for more information or to schedule a speaker. We thank you for your interest.
