Judson Lodge

This is the perfect space for groups of 40-55 people looking for a cozy retreat together, or as an addition to other lodgings for larger groups.

Judson's central lounge area is equipped with a huge fireplace and comfortable couches. A second meeting space with tables adds function for your stay. Two identical wings, each with 4 bedrooms / 26 beds, and a shared bathroom, offer helpful separation for males & females. A private bedroom suite at the back of the Lodge is perfect for special leadership, too.
