DESCRIPTION: This is a nice reconditioned vintage Bear 76er take-down bow. Antique white magnesium riser with blue solid fiberglass limbs. The limbs simply slide and lock into the limb pockets. They move a little when unstrung (were made that way), but tighten and don't jiggle when strung. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in good condition. No drilled holes; No chips, dings or cracks. A few minor scratches and nicks here and there; and some original finish loss. Silver Bear medallion.

Comes with a new string.
