

2025 Tri-Association Conference

August 26 - 29 * Ocean City, Maryland

CONFERENCE ERRATA

Replacement Speakers:

Wednesday, August 27th

- Room 207/208 9:00 AM: Randy Moore, Exeter Supply Co., Inc. (randy@VIPTANKS.com), *Benefits of Water Storage Tank Maintenance: Extended Service Life, Lowest Life-Cycle Costs & Most Sustainable Approach* (replaces Toby Butler)
- Room 207/208 1:30 PM: Stephanie Cuthbert, RVE (stephanie.cuthbert@rve.com), *Transforming Water Treatment: Innovative Solutions for Emerging Contaminants* (replaces Vanessa Nerick) ***Need Bio**
- Room 217 3:30 PM: Matthias Wittenberg, CDM Smith (wittenbergm@cdmsmith.com), *From Trunk Lines to All-Pipe Models: Advancing Sewer System Analysis at WSSC Water* (replaces Pradeep Sudini)
- Room 202 4:30 PM: Sean O'Rourke, Hazen and Sawyer (sorourke@hazenandsawyer.com), *Ghost Stream Makeover: Trenchless Edition* (replaces Sean O'Rourke)
- Room 207/208 4:00 PM: Hana Litwin, Hazen and Sawyer (hlitwin@hazenandsawyer.com), *Operations and Water Quality Dashboarding and Assessing Facility Cost Share in a Complex System* (replaces Reid Cagir and Bob Harvey)

Thursday, August 28th

- Room 207/208 9:00 AM: Mark Hubal, RVE (mark.Hubal@rve.com), *Getting the Treatment Right – Pilot Study for an 80 MGD PFAS Surface Water Treatment Plant* (replaces Vanessa Nedrick) ***Need Bio**
- Room 202 9:30 AM: Owen Brown, Swan Analytical USA Inc. (owen.brown@swan-us.com), *Innovative Turbidity Monitoring: How the Swan AMI Turbiwell Eliminates the Need for Recalibration* (replaces Garrett Figley) ***Need Bio**
- Room 215 11:00 AM: Helen Hagos, WSSC Water (helen.hagos@wsscwater.com), *Managing and Leading a Hybrid Workforce* (replaces co-speaker Robert Laloney)
- Room 201 11:30 AM: Terry Kowalskyj, Brown and Caldwell (TKowalskyj@brwncald.com), *Resilience and Innovation: Inspecting & Assessing the Anacostia Force Main to Safeguard DC's Critical Wastewater Infrastructure* (replaces Chandra Vavilala and Jessica Shaio)
- Room 201 2:00 PM: Blake Succa, Baltimore City, *Climate Resilience Assessment at the Back River WWTP: A Collaborative Approach using Design Based Education* (replaces co-speakers Paul Sayan and Hedy Alavi)
- Room 201 4:00 PM: Graig Rosenberger, Nuvoda (grai grosenberger@nuvoda.us.com), *Secondary Treatment Intensification: MOD Process Trial to Enhance Capacity & Improve Sludge Settability at Midwest WWTP* (replaces Erik Anderson)
- Room 202 2:30 PM: Josh Weiss, Hazen and Sawyer (jweiss@hazenandsawyer.com), *Baltimore's Comprehensive Watershed Management Plan: A Template for Regional Source Water* (replaces Phoebe Aron)
- Room 203/204 3:00 PM: Brandon Fobeteh, City of Baltimore (brandon.fobeteh@baltimorecity.gov) *Enhancing Wastewater Pump Station Rehabilitation* (added as a co-speaker) ***Need Bio**
- Room 203/204 4:30 PM: Mike Hanna, Black & Veatch (hannakm@bv.com) *Keeping it Pumping: Replacing an Influent Pump Station while Maintaining Plant Operations* (replaces Betsy Baldwin)
- Room 215 5:00 PM: Yonsei Kim, HDR Inc. (yonsei.kim@hdrinc.com) *Aligning Organizational and Facility Assessments to Holistically Plan for the Future* (changed to Primary Speaker)

Continued =>=>=>

2024 Conference Errata, continued

Friday, August 29th

Room 201 9:30 AM: Andrew Welter, Ramboll (andrew.welter@ramboll.com) and William Elledge, DC Water (william.elledge@dcwater.com) *How DC Water's Workforce Development Program Drives their Lead Service Line Replacement Program* (replaces Rina Dalal and Taeliorae Levell-Young)

Room 203/204 10:15 AM: Dian Zhang, Stantec (dian.zhang@stantec.com) *Strategic Solids Management: A 20-Year Roadmap for Sustainability and Resource Recovery* (replaces Rafael Iboleon)

Replacement Presentations:

Wednesday, August 27th

Room 217 9:00 AM: *All Aboard: Fast-Track Design of Sewer Relocations for a Railroad Track Expansion Project* to be replaced with Amado Carsky (amado.carsky@wsscwater.com) and Rashmi Jayaprakash (Rashmi.jayaprakash@wsscwater.com) *Elevating Efficiency with Work and Asset Management for Utilities*

Room 201 2:00 PM: *BIM Enterprise Implementation – Lessons Learned when Scaling Solutions* to be replaced with Milad Ebrahimi (milad.ebrahimi@wsscwater.com) and Jimit Modi (modij@bv.com) *A Balancing Act: Addressing Secondary Clarifier Needs in the Face of High-Flow Events and Collection System Improvements*

Thursday, August 28th

Room 201 5:00 PM: *Community Engineering Corps – Supporting Sustainable Community-Driven Water & Wastewater Infrastructure Solutions Through Equity* to be replaced with Lisa Accolla (laccolla@wrallp.com) and David Nixon (dnixon@wrallp.com) *Success is in the Calibration When Modeling the SAWS Leon Creek Water Recycling Center Matches Real Time Storm Event*

Friday, August 29th

Room 215 9:30 AM: *DC Water at Work: Effective Management of Century-Old Collection System* to be replaced with Brandon Alderman (brandon.alderman@aecom.com) *Building Resilience: Climate Readiness in the Little Creek Watershed?*
