

ENRICHING, INSPIRING, & UNITING...

...the diverse community of the Antelope Valley through the common language and experience of the arts.

The Lancaster Performing Arts Center Foundation (LPACF) offers performing arts scholarships to graduating high school seniors from the Antelope Valley who are pursuing higher education in the arts. These scholarships are designed to support and encourage talented students who demonstrate a passion for the performing arts and wish to further their education and careers in this field. The LPACF believes in the power of the arts to transform lives and communities, and through these scholarships, we aim to provide financial assistance to young artists who are ready to take the next step in their artistic journey. Whether pursuing studies in theatre, dance, music, or other performing arts disciplines, these scholarships help alleviate the financial barriers to education, giving students the opportunity to hone their craft and make a positive impact in the arts world.

SELECTION CRITERIA

TALENT/SKILLS DEMONSTRATION & INTERVIEW

Each applicant must submit a sample of their talent/skills with a completed application. The committee will review qualified applications and conduct live interviews and auditions with selected finalists.

ACADEMICS

We value an applicant's commitment to their education. With this in mind, the committee will consider all aspects of the applicant's academic performance to date, including grade point average, extra-curricular club participation, honors, and awards. The committee will also take into consideration any unique hardships, obstacles, or challenges that students may have overcome in their lives.

ESSAY

Each applicant is required to submit a short essay of up to 600 words in length that addresses the questions, "How has your involvement in the performing arts influenced your personal growth, and how do you plan to use your passion and skills to make an impact on your community or the world?" Each committee member will independently evaluate and score essays based on technical writing (grammar, syntax) and content.

SERVICE

The LPACF believes strongly in the value of community service. Each application includes a section to highlight those areas of service in the applicant's life.

NEED

The committee may also consider the financial need of applicants in an effort to change the lives of students who otherwise would not have opportunities to pursue an education in performing arts.
