Lining up to get on the bus to go to Graceland
and Sun Studios on October 5th, 2012.

Some more of the line.
We were obviously a very relaxed group.

“Just Chatting in the Line.”

Not sure what Preston Cluff is pointing at but Doug and Joan Jennings, as well as Jean & Clarice LeRoy appear to be interested.

A close-up of the monkey.

Heavily curtained--perhaps a
music listening room?

This appears to be the same room, so perhaps it was just a recreation room?

Even the ceiling appears to be sound-proofed.

Note the dragon motif on the arms.

Another piece of over-stuffed furniture but with different carvings on the arms.

Someone mut have liked pandas.
