Got A Loan With Us? Are You Covered?

If you use a vehicle, motorcycle, camper or any other property as collateral on a loan you are required to maintain full coverage insurance at all times. The property's insurance policy must be made payable to us as a loss payee.

What should your Proof of Insurance include?

- Mower County Employees Credit Union listed as the Lienholder/Loss Payee
- **Comprehensive** and **Collision** coverage on property with deductibles not to exceed \$1,000
- Policy number, Policy Period and Company name

What happens if I do not obtain the proper coverage? The collateral on your loan must be continuously covered with insurance. Please understand that if for any reason the insurance is not obtained or continuously maintained, the credit union may, at its option, secure insurance according to the terms of your loan. In most cases, this "forced-place" insurance will be of an extremely higher cost to you.

If you have questions regarding your loan with us please contact us at (507) 437-6360 or speak with one of our lenders directly at the credit union.
