Registration Policy

Starting in 2020, the following changes will be implemented regarding registration timelines.

For the National Drive Spring 2020:

Registrations will be accepted starting with February 1st postmark.

For the National Drive Fall 2020:

Registrations will be accepted starting with July 1st postmark.

We will continue to accept registrations right up until the start of an event. As always, if you can't ensure your last-minute registration will reach us in time, please contact us so we can hold a place for you. While we will not turn you away if you arrive during an event, we insist you give us a heads up that you may be coming, including your probable arrival time.
