Thickness .025
 Width 46"
 Put Up 70 yds./roll
 Weight 120 lbs/roll (approx.)

Backcoat 2 - is an aqueous backcoat which will closely match the face coating color. Glueable, but test prior to manufacturing for best results. Appearance is semi bright. Standard except where noted.

*Backcoat 3 - is an aqueous backcoat matching the face coating color. It will not rub off wet or dry, and can easily be wiped clean. It is difficult to glue and special glues must be used.

ALWAYS CHECK FIRST

Changes in stock colors, finishes and product information are necessary from time to time due to the demands of our mutual market place and changing industry. Therefore, it is always best to check inventory availability on stock items as well as other product description and information. Also, due to variations in pigments, shades may vary from lot to lot.

Note: Monitor settings may not represent proper color. Please request samples or a sample card.
