**Adoption Application**

After receiving your completed application, we will review it, contact you and schedule a home visit. Vet and personal references will be checked. Much consideration will be given to helping you meet a perfect match! Often, we receive many applications on one particular animal. Our goal is to place the animal in the best home possible based on its needs, personality and past history. **Please note that adoptions are NOT done on a first come, first serve basis, and filling out an application does not guarantee the adoption of any animal. We reserve the right to refuse any applicant for inaccurate or false information.** At all times, we look to place the animal in the best possible home. All pets are spayed or neutered prior to adoption with the exception of puppies under the age of six months. A separate spay/neuter contract will need to be signed during the adoption process. Thank you for your cooperation.
