

Thank you to the 8 homeowners who attended the 2015 Annual Meeting. The meeting was held Monday, April 20th at the Clinton-Macomb Library North Branch on 24 Mile Road. Going forward, all meetings will be held in April. Homeowners who attended had an opportunity to voice their opinions about snow removal, the use of salt at the intersections, and neighbors who fail to move their cars from the street during a snow event. Other topics that were discussed included the completion of the street sign project and a general financial update. A drawing was held to give away the “old” street signs that had to be removed to make way for the new signs. All homeowners that attended were given a street sign. The rest of the signs are being held in the garage of the HOA president. The new entrance sign project was discussed at a high level - there has not been much headway made on this project. We are currently looking for a contractor to move forward with this job. Many phone calls have been made; unfortunately many contractors see the job as too small and have not had an interest. HOA President is going to reach out via the HOA Website to see if any residents in the sub know of someone that does this kind of work.
