By initialing below I affirm that I understand:

1. Security Access Code is for household members only. Sharing with individuals outside your household compromises security protocols and may be a violation of the HOA Rules and Regs.
2. When Permanent/Temporary Guests and Service Personnel enter the HOA, you will not be called to allow access.
3. Service Personnel WILL require residents be notified when they present to the guardhouse.
4. RFID tags are ONLY for household members.
5. Transferring an RFID tag to another vehicle is subject to fines and the purchase of replacement tags.
6. For new vehicle temporary license plates and replacement license plates, information must be submitted to the guardhouse on plate changes within 30 days of receipt of new plates or RFID tag will be suspended, without notice, until license plate information is received.
7. Residents will be responsible for all rules violations of guests including parking and stop sign violations. See Rules and Regs on HOA website.
