Witching Hour Rules

Every evening 1 hour before sunset only drivers whose boats have been within 5 percent of the record during the event or if you currently hold that record will be allowed to run on the short list. Those on the short list will have the water until dark. If no one on the short list elects to run at any time after Witching Hour open running will become effective using the daily list until such time that someone on the short list elects to run. At that time only people on the short list are eligible to run until such time that those participants are not running again. This can happen as often as the short list participants pass their turn. No one on the short list can give up their spot for someone not on the short list.
