

Good morning!

Hope 'tip-off' weekend was a great one and you are not too sore!

Take a look at a loose ball clip [here](#).

Bluntly...this is NOT a held ball. NOT a held ball! This is a foul on white 15. Just because we have a loose ball does not mean 'anything goes'. If this same contact were vertical (while standing up) we have at the very least a common foul...maybe an intentional foul! When a player dives on, jumps on, piles on, or however you want to say it, *we have a foul!* Get these and it cleans up the game!

Easy, straight forward clip and explanation today!

Monday extra: Remember that the official scorer MUST wear a striped shirt. NO EXCUSES!

Have a great game tonight!
