

CAPABILITY STATEMENT

KAG1 Incorporated is a logistic company that provides a variety of supply services and distribution delivering the very best to our customers. We are resourceful. We deliver what our customers want, when they want it and are proud of our reputation for excellence. Our professional commitment make the difference, setting us apart from the "big guys". KAG1 is a customer responsive firm that concentrates on helping you satisfy your end users with resources that are manufactured to the highest quality standards, as evidenced by our ISO 9001 certification.

CORE COMPETENCIES

Supply Chain Management

We cover every stage of the supply chain services from distribution, packaging, strategic planning, assembly, acquisition, inventory vendor management, procurement services, and customer care. We are capable of evaluating a client's supply chain channel and presenting integrated solutions including: contract development, negotiation and implementation, kitting, delivery assurance services, installation, sourcing, cost reduction, inventory management and logistics services.

Product Distribution

We successfully provide distribution management support of large and small contracts for various commodities. We are authorized partners providing hardware, software and manpower solutions.

PAST PERFORMANCES

KAG1 serves a diverse group of clients with a primary focus on local, state and federal government agencies. We are proud to say that our list of clients includes:

- Department of Veterans Affairs
- Virginia State University
- Ace Electronics Defense Systems
- Eastern State Hospital
