

# ER ENERGY

## PROPANE

Dear Valued Customer,

We at ER Energy, Inc. would like to thank you for your business. In order to help you save money on propane bills and ensure worry free automatic delivery, we are once again offering our “EZ Pay” budget plan.

## HOW “EZ PAY” WORKS

Our company will estimate your annual fuel usage requirement based on your prior year history and anticipated propane prices. The total is then divided into 11 monthly installments, with the 12<sup>th</sup> month being set aside for any adjustments. Your first payment will be made in **June**. By becoming an “EZ Pay” customer you’ll know in advance what your monthly propane bill will be. In addition, you may choose from two convenient monthly payment methods. To choose, either, complete the credit card authorization portion of the enrollment form or return a void check with the enrollment form and we will automatically create a monthly check for you.

You pay nothing extra to join. However, you will receive a **5 cent per gallon discount** on your future propane deliveries while you are enrolled in the program. There are no hidden charges, or any finance, interest, or delinquency charges as long as payments are made on time. Propane deliveries will be made automatically based on our routing system unless the account becomes past due. Payments are due on the 10<sup>th</sup> of each month.

**Payment Adjustments:** ER Energy, Inc. reserves the right to adjust the estimated monthly payment. Adjustments may be made based upon actual propane usage and/or fluctuations in propane prices.

## “EZ PAY” ENROLLMENT

### THREE “EZ” WAYS TO ENROLL:
