BERKELEY HEIGHTS, NJ - On May 18, eMedical Urgent Care, a sister company of EMS provider American Medical Response (AMR), will provide coaching to local residents and teach them to save lives through compression-only CPR. The event is part of AMR's nationwide observance of National Emergency Medical Services Week with events being held in 40 states.

Compression-only CPR allows bystanders to keep life-saving blood flowing through a victim's body just by pressing on the chest in a hard, fast rhythm. Bystanders who provide compression-only CPR can double or triple a cardiac arrest victim's chances of survival. Local schools and businesses are expected to participate in the event.
