Happy Holidays!

**Welcome!**  
By Destiny Mulcher

Happy holidays, West Branch students! I know we're all very excited about our holiday break but this doesn't mean we should try any less than what we usually do! Even in CBI, we can't let our work slowdown which is why we've finished our CBI T-shirts! But we couldn't do it right away. We first had to calculate the price of the ink, machines, and shirts to simulate a small business. We didn't have to repurchase everything though! And, by the time you're reading this, our shirts will have been officially finished after 3 months of hard work and determination. It's like an early gift! Have a good break, WBHS Students!

## **Contact Mr. Davis**

There are a couple of ways to contact Mr. Davis.

## Veterans Day Project By Hailey Cross

This year in CBI we did a Veterans Day Project. We made t-shirts front and back. The front says happy Veterans Day and the back has all the branches of the military. It was a very fun thing to do and a very important thing for the Veterans when we gave the shirts to them on Veterans Day. They loved them. It was a very fun experience to do the screen printing, all the packaging as well as writing the cards. It took us only two weeks but they look amazing and the veterans love them, even though we're only a class of 7 people we did it all in 2 weeks with our other classes going on as well. While we were making the shirts someone had to keep track of the time we had them under the flash dryer someone else was folding and packing the shirts so they were all nice and ready for Veterans Day we made thank you cards for them and put them inside with one of those little American flags. We made sure everything was in the right place and perfect and they loved them when they saw them. They even sent us a thank you card a few days later because of how much they loved them. Some even took one for a fellow military person. One lady took one for her husband because he couldn't make it to the Veterans Day assembly at school.

## How to Make Jell-O

By: Alinee Bacconi

You will need...

box of Jell-O powder

Bowl

Spoon or mixing tool

water

1. Poor gelatin powder into a bowl
2. Add  $\frac{3}{4}$  cup of boiling water to the bowl
3. Stir for around 3 minutes

Put it into the refrigerator for around 4 hours or until it doesn't stick to your fingers when you touch it.

## **What Christmas is all about.**

By Marek Handy

What Christmas is all about, Christmas is about being with the people that you love, and spending time with your friends and family. Christmas is not about the presents and what you get on Christmas. What matters is that you spend time with your family, because you don't know how much you have left with that loved one. It's not about what you get for Christmas.

## **How to Make Homemade Applesauce**

By Annabelle McGuire

Ingredients -

- 12 apples peeled, cored, roughly chopped
- $\frac{3}{4}$  cup sugar
- $\frac{3}{4}$  cup water
- Cinnamon (optional)
- Juice of half a lemon

You will need to have a crock pot and put everything in and mix everything together. The crock pot temperature should be on low and you will cook it for 10 -12 hours stirring occasionally.

## **Pepsi vs Coke**

By Jackson Shinn

Pepsi is worth 248.03 billion. While Coke is worth \$256.27B. So coke is worth more.

Nutritional facts.

A 12-ounce can of Coke has 140 calories and 39 g of total sugars

A 12-ounce can of Pepsi has 150 calories and 41 g of total sugars

So Coke has fewer calories and fewer sugars.

Most people do prefer Pepsi to Coke because of Pepsi's sweetness.

Brands that Pepsi owns vs the brands Coke owns.

Pepsi owns, Lay's, Quaker, Gatorade, Doritos,

Coke owns Fanta and Sprite, Dasani, and Smartwater, Powerade.

I think that Pepsi is better because they own better brands like Doritos and mountain dew and I think Pepsi tastes better.
