

**FREE CEU'S FOR ORTHOTIC AND PROSTHETIC PRACTITIONERS,
ASSISTANTS AND FITTERS**

Allard

888.678.6548

info@allardusa.com

1. Current Concepts in Gait Biomechanics: Overview of gait and restoring function to patients with pathological gait patterns. Register [HERE](#) **6.5 Scientific CEUs**
2. Custom Composite AFO's: How to properly assess and specify the custom specifications. Register [HERE](#) **3 Scientific CEUs**
3. AFOs: Become an Expert on AFO Customization. How to assess patient deficits and anatomical needs for prefabricated AFO's. Register [HERE](#) **3 Scientific CEUs**
4. Prosthetic Management of Partial Foot Amputations. How to manage partial foot amputees to prevent tissue injury and assist in gait. Register [HERE](#) **3 Scientific CEUs**
5. SWASH STEADY & GO Certification. Review patient selection and fitting of the Sitting Walking and Standing Hip orthosis (SWASH). Review the 4 modules [HERE](#) **4 Scientific CEUs**

The American Academy of Orthotists and Prosthetists (The Academy)

1-202-380-3663

info@oandp.org

Catalog of hundreds of CEU's range from \$15-300\$: [HERE](#)

Can create a free account to access the learning center.

The American Orthotic & Prosthetic Association (AOPA)

1-571-431-0876

info@aopanet.org

AOPAversity variety of online CEU's for free for members, \$20-89 for nonmembers

Register [HERE](#)

Cascade DAFO

800.848.7332

dafo@dafo.com

Sign up for free account [HERE](#). Sign up once for access to all courses.

9 courses which range from **1-2.5 free Scientific CEU's**.

1. Assessment for DAFOs
2. Brace Selection
3. Casting and Scanning for DAFOs
4. Ordering custom DAFOs
5. Fit & Wear
6. Fast Fit Solutions
7. Brace Optimizations
8. Brace Planning for Crouched Gait
9. Using DAFOs in Treatment Plans for Patients with Cerebral Palsy

CLICK Medical
970-670-7012

1. Can you adjust (CYA)? course: RevoFit adjustable socket course for Transtibial and/or Transfemoral-Design and Fabrication, optimal patients and successful billing: Register [HERE](#) **8 CEUs**

Freedom Innovations

949-544-7918

colpin@freedom-innovations.com

<https://www.freedom-innovations.com/education>

[Brochure.](#)

Each of the following opportunities require registration [HERE](#)

1. Plié 3 Programming in 5 Minutes or Less - **1.5 CEUs**: Learn the fundamentals of the Plié 3 microprocessor knee including our Programming in 5 Minutes or Less methodology.
2. iQ Vacuum System- **1.5 CEUs**: Dive into the world of elevated vacuum with research supported clinical benefits of elevated vacuum and how to fit and setup Freedom Innovations' electronic vacuum pump, the iQ Vacuum System.

3. Kinnex-**1.5 CEUs**: Kinnex is back and is better than ever. Come take a look at our 2nd generation of Kinnex and learn about the clinical benefits of the product, how to fit, align, and fine tune it to meet your patients' needs. 2.0 MPC Ankle/Foot System.
4. .Clinical Overview of Freedom Innovations' Foot Technology- **1CEU**: Explore Freedom Innovations' foot technology including unique features and benefits, material properties of both carbon fiber and fiberglass, and how our feet are manufactured.
5. L5981 Everyday Walking & L5976 Energy Storing Feet- **1 CEU**: Discover Freedom Innovations' full range of products that fall into the L-Code recommendations of L5981 and L5976. Identify proper candidate selection for each foot and unique design properties that set them apart.
6. L5987 Vertical Shock Feet- **1 CEU**: Learn about Freedom Innovations' foot products that fall into the L-Code recommendation of L5987. Identify unique product features, benefits, and proper candidate selection.
7. Clinical Benefits of Hydraulic Ankles: Kinterra and Kintrol – **2.5 CEUs**: Identify the clinical benefits of Kinterra and Kintrol in five different areas including level ground walking, socket comfort, ramp ambulation, uneven terrain, and sit to stand. Identify which of your patients can benefit from this technology and improve your documentation with clinical justification for these products with the clinical evidence to support it.
8. Find the Optimal Freedom Foot with the Foot Finder App **0.5 CEU**: Uncover the Freedom Foot Finder web app to help determine which Freedom Foot is right for different patient profiles.

Naked Prosthetics

1-888-977-6693

webinar@npdevices.com

NP Clinical Workshop: Webinar

1. Learn about demographics, needs, barriers of finger and partial hand amputees as well as prosthetic interventions available. **3 CEU's**. Link to register [here](#) Quiz after webinar.

Email for upcoming webinar date.

Orthoamerica

800.446.6770

custserv@orthoamerica.com

Click [HERE](#) for access the videos and the quizzes for the following free courses

1. Fuzion- Defining the Problems- Adults with Childhood-onset Disabilities **2.25 Scientific CEUs**
2. Fuzion- Defining th eProblems-Anatomy Biomechanics and Gait **1.25 Scientific CEUs**
3. Fuzion-Refining the Solutions- Optimizing a Team Approach **1 Scientific CEU**

4. OWLS Part 1 The pathogenesis and Progression of Peripheral Neuropathy, Charcot Foot Syndrome and Wounds- Defining the Problems **.75 Scientific CEU**
5. OWLS Part 2 The pathogenesis and Progression of Peripheral Neuropathy, Charcot Foot Syndrome and Wounds- Refining the Solution **.75 Scientific CEU**
6. Orthotic Options for Patients with Cerebral Palsy **4.5 Scientific CEUs**
7. Latest Advances in the Orthotic Management of Diabetic Patients **2.5 Scientific CEUs**
8. Innovative Solutions for Pediatric and Adult Patients Featuring the Fuzion and Spectrum Product Lines **2.5 Scientific CEUs**

Ossur

If a company is interested in having a specific Webinar similar contact Andrea and she will set up one with CEU credit.
