

Winter considerations

- 1 Remove all exterior garden hoses from outside faucets
- 2 Keep a small supply of safe for concrete salt to melt snow
- 3 Briar Cove is contracted to have snow removal when there is 2 or more inches of snow
- 4 Please remove any items from porch, sidewalk, or driveway before snow fall that could interfere with snow removal
- 5 In order to not damage driveways the plows use rubber tipped blades
- 6 Anytime leaving or entering you home, when snow is present, use caution because snow can drift which is out of control of our snow removal service.
- 7 Do not attempt to walk or ice skate on our pond when it is frozen.
- 8 Please continue to pick after your dog .
