

IN THE THICK OF IT

A million times over we have all thought “when is this gonna end?!?” or “Something’s gotta give!” The word of God gives us hope, and promises to stand on when the going gets rough and I wanted to remind myself and all of our readers like Gina said yesterday, when our faith is activated – we can rely on the truth of God’s word!!

He will NEVER leave us or forsake us. **Joshua 1:5 & Deuteronomy 31:6**

His peace will guard our hearts and minds. I believe that as we ask the Lord to cover our thoughts and hearts, He will do that – even in the midst of chaos – we need but to ask.

Philippians 4:7

When we are going through the busy-ness of life and all that we have on our schedule seems too much and we take that moment to step back and re-evaluate to ask the Lord if we are still on course, one thing that we can stand on and hold fast to, is that all that He has to give that is specifically for you and me – WILL COME TO US. So we can declare His words of truth that it will not be held back – it will come to us in Jesus name! All that we need for every part of life, He will gladly give to us and He will never turn us away.

All that the Father gives
me will come to me, and
whoever comes to me I
will never cast out.

- John 6:37

When we are going through the thick of it – when nothing seems to be going right and all is upside down it seems – is when, supernaturally, the Lord turns up the heat and sends in back up and He gives orders to help us in time of need. If it's all we know to do is say "thank You Lord" – because He loves and cares so much for you and me that He works things out down to the littlest detail and we may never know this side of heaven how much His hand has extended in grace and love towards us when we need it the most.

Psalm 34:7

Every struggle that you and I have gone through, God has used to bring us to where we are and who we are today. There is nothing that can stop God from loving you before, during, and after your hard times and any situations to come. God is God and He doesn't miss a thing! When the enemy tries to come in any shape or way, we have the trump card because God gets the final say over it all. He will make a way.

Lord thank You today that You are always with us and You love us so much. I thank You for each reader today that You have created them and are working things out for them and will continue to work things out until we see You face to face. We want to be Your workmanship, we want to learn to wait on You and not live with regret or unfulfilled purpose. Thank You for holding us through every bump in the road and every storm that arises. You are our shelter and through the thick of it all, we will praise You. Amen!
