Let this document hereby constitute filing and notice (pursuant to CRS 31-10- 1207) to the Seventh Judicial District Court Clerk and the Municipal Clerk of the Town of Marble, Colorado, that I, Vincent M. Savage, who reside at 105 East Marble Street in Marble, Colorado, where I am a bona fide registered elector in precinct #3056126002 in the Town of Marble, demand a recount of the vote in the municipality's April 3rd, 2018 election for Mayor and town trustees, and also do hereby contest the ostensible and heretofore unofficial results of that election as fraudulent owing to wide spread voter fraud caused by false claims by up to possibly 20% of voters claiming to reside in that voting precinct, when it can be demonstrated that they do not (pursuant to CRS 31-10-1301 & 1308).

I further assert that it is unlawful for any or all presumed elected, April 3rd, 2018, candidates to be sworn to or assume subsequent positions of public office until a recount is duly completed and an investigation and determination is made of the illegitimacy of any or all contestee voters, to be listed by contestor as soon as the list (from the municipal clerk) of names of persons who cast ballots in said precinct, and a complete and updated Registered Voters Report, including recent and same-day registrations through April 3rd, 2018 (from the Gunnison County Clerk) is available for this contestor's inspection.

The causes set forth in the above statement are true to the best of this affiant's knowledge and belief.
