

Eugene Naughton, MS, LPC, NCC
Licensed Professional Counselor, North Carolina (License #8944)
Nationally Certified Counselor (NCC # 283503)

PROFESSIONAL DISCLOSURE STATEMENT

~Information and Consent~

Thank you for choosing me as your counselor. I am pleased to have this opportunity to work with you and/or your family so that you may be able to feel greater fulfillment in the areas of your life that are currently causing you distress. This document is designed to inform you about my background, our professional relationship, your rights as a client, and policies and procedures. I encourage you to voice any expectations and/or concerns that you may have at any time while we're working together. An important factor in the success of the therapeutic process is open communication, so please do not hesitate to ask. As a therapist I have documented expertise in mental health treatment, but please remember that your feedback, input and opinions are very important to me. Please feel free to share your honest reactions about treatment with me. If you believe that therapy is not proving helpful, you have the right to terminate services. You also have the right to, and I am happy to provide, a list of referrals to other treatment providers.

I hold a Master's of Science (MS) degree in Counseling Education from the University of North Carolina Greensboro, which was awarded to me in 2011. I have been a practicing counselor since May 2011. I have been a Nationally Certified Counselor (NCC #283503) since 2011 and a fully Licensed Professional Counselor in North Carolina (LPC # 8944) since September 2013.

The Therapeutic Process

Therapy is a process of solving emotional problems with a person professionally trained to help you achieve the clarity, insight and problem-solving skills you need to attain a more fulfilling life. This process of change will in many ways be unique to your particular situation. It is very important that we establish clear goals within the first several sessions so that we can see your progress. We will try to review these goals regularly. It is important to note that working towards these goals is a collaborative process. It is my belief that as a therapist I am here to support, encourage and suggest ways in which you can successfully reach your goals, however you are the only one who can actually make the changes that will necessarily be part of achieving greater emotional health. It is important for you to know that sometimes participation in psychotherapy involves the exacerbation of symptoms, however, over time, you should see improvement. It is my sincere goal that I can help you and your family meet your goals as quickly as possible. For some clients this will only require that we meet a few times. Others may require more long-term involvement. Your active participation in the therapy process is necessary for progress to be made and sessions may occur weekly, biweekly or monthly. Your promptness for these sessions will allow you to take full advantage of these appointments.

Professional Services

My services include individual and group counseling with adults, adolescents and children. My training in individual and group counseling in the areas of anxiety and depressive disorders, personality disorders (particularly Borderline Personality Disorders), relationship and self-esteem concerns, trauma, and developmental transitions. My hope is that you will find my counseling style self-empowering. My approach will vary on the needs of the client, but my preferred approaches are the cognitive-behavioral, Dialectical-Behavioral, and Reality-based theories of counseling, as well as play therapy techniques where appropriate. I view problems as developmental and cognitive in nature. My goal is to help you, the client, develop the tools necessary to overcome any issue that is of concern.

If for any reason I do not believe I have the experience or training necessary to work with your particular situation, I will refer you to another mental health professional that is prepared to work more effectively with your presenting concerns.

Confidentiality

Protecting your confidentiality is very important to me. Your case records will remain safely locked at all times and will not be disclosed to anyone, including another professional or family member, without your express written consent.

As your therapist I will not disclose confidential information about you or your family to anyone else except in the following situations:

- **Abuse of Children or Elderly Persons:** If a mental health professional reasonably believes that a child under the age of 18 or an elderly person is being abused or neglected, s/he is legally obligated to report this situation to the appropriate state agency.
- **Imminent Harm to Self:** If a mental health professional reasonably believes that you are in imminent danger of physically harming yourself (including significant alcohol and/or drug abuse) and if you are unwilling or unable to follow treatment recommendations, s/he may have to make an involuntary referral to a hospital and/or contact a family member or other person who may be able to help protect you.
- **Imminent Harm to Others:** If a mental health professional reasonably believes that you are seriously threatening physical violence against another person, or if you have a history of physically violent behavior, and if s/he believes you are an actual threat to the safety of another person, s/he may be required to take some action (such as contacting the police, notifying the other person, seeking involuntary hospitalization, or some combination of these actions).
- **Peer Supervision:** In order that I may provide you with the best services possible, and in accordance with professional ethics, I may, at times, participate in peer supervision/consultation with other Licensed Professional Counselors (LPC's) so that I may receive feedback about treatment strategies and other ways in which I may be most effective as your counselor. Please note that even in these colleague consultations I will not reveal your identity without your express written consent.
- **Court Order:** In rare circumstances Professional Counselors can be ordered by a judge to release information regarding treatment, diagnosis and history.
- In situations where a client maintains an unpaid balance on their account without having made special arrangements, the account will be turned over to the Credit Bureau, resulting in identification as a client.
- In the interest of maintaining confidentiality, I do not participate in social media with clients as I believe it could compromise confidentiality and privacy that would have a negative impact on our therapeutic relationship. I do not text clients and prefer to use email on a limited basis only. You should know that any emails I receive from you and any response I send become a part of your medical record.

Explanation of Dual Relationships

Although sessions are psychologically intimate, the therapeutic relationship is professional, not social. It is critical that the professional relationship be based on respect, safety and trust. Therefore, it is in your best interest that contact with me be limited to counseling sessions or telephone conversations necessary to your therapy.

Length of Sessions/Missed Appointments and Cancellations

Services will be provided in a professional manner consistent with accepted ethical standards. Sessions are a minimum of 38 minutes and can extend as far as 60 minutes in duration and will be scheduled at mutually agreed upon times. If you must cancel your appointment, please do so promptly so that your

appointment time may be given to someone else. There is no charge for cancellations at least twenty-four (24) hours in advance. For a cancellation made within 24 hours of the appointment, you may be charged. **FOR A MISSED APPOINTMENT THAT IS NOT CANCELED, A FULL CHARGE IS MADE.**

Insurance companies do not reimburse for missed appointments. If no one is available at 336-272-8090 to take your call please leave a message on our 24 hours voice mail. A recurring problem with “no shows” and/or nonpayment for services may result in termination of services.

Therapist Cancellations/Vacations/Client Emergencies

I will make every effort to inform you if I need to cancel an appointment. In the event of inclement weather, illness, or other emergency, we may re-schedule for another suitable time. I will inform you at least one week in advance of scheduled vacations. If I am out of town, you may leave a message for me at 336-272-8090 (office). If you have a severe crisis and are unable to contact me, please call the Guilford Center for Behavioral Health and Disability Services at 800-853-5163 (during business hours), 336-641-4993 (after hours), High Point Behavioral Health (1-800-525-9375), Moses Cone Behavioral Health (1-800-525-9375) or the Guilford County Emergency number (911). If you are outside of Guilford County, please call the emergency number for the county where you are.

Fees and Insurance Filing

The fee for an initial diagnostic interview is **\$150.00**. Standard fee for each subsequent session is **\$125.00** per 38-52 minute session and **\$135.00** for sessions that extend past the 52 minutes. Cash, personal checks, and credit/debit cards are acceptable forms of payment. As a courtesy, Triad Counseling and Clinical Services, LLC will file insurance claims on your behalf. If you have a deductible it is our policy to collect the entire fee for the session and any subsequent sessions until your deductible has been met. However, once the deductible is met you are only responsible for your portion of the fee thereafter. If your insurance benefits state that you are responsible for a set co-pay or co-insurance, you will only be required to pay that amount on the date services are rendered. Should your insurance program have special arrangements, please discuss this with our Insurance Coordinator. Please remember that my professional services are rendered to you, not the insurance company. In accepting my services you also accept the responsibility of paying for these services should your insurance company pay only a part of the fee or deny the claim altogether. A minimum of 50% co-pay is expected at the time of service if the co-payment is not known.

When insurance is utilized for therapy services, clients should be aware of the limits of confidentiality and the fact that filing for insurance necessarily requires a diagnostic statement to be placed in your insurance records. The forms must be signed by you in order to authorize the release of confidential information. If you wish to be informed of the diagnosis before it is submitted to your health insurance company, please make Mr. Naughton aware of this, and he will discuss the diagnosis fully with you. Typically, insurance companies require the following information: diagnosis, dates of service, the kind of service you received (i.e. individual, group, family, etc.), and the name of the client. Some managed care companies require additional information. Thus, you may not have the extent of confidentiality that you might otherwise expect. Signing this agreement authorizes the release of information to your insurance company.

Self-Pay fees for professional services are due at the time of each session. You will be mailed a monthly statement as a receipt unless you request otherwise. **If I am summoned to court on your behalf, you are responsible for paying my hourly fee for any time spent in transcribing records, time in court, including, but not limited to, travel time, meals, and any wait time prior to or in lieu of actual court appearance. Please be aware that Insurance will not pay for court appearances.**

Overdue Accounts

All accounts become overdue after thirty (30) days if no payment or arrangements have been made. I will make every effort to cooperate with any individual who has special financial concerns. Please discuss this matter with me as *past due accounts may be turned over to the Credit Bureau for processing if no special arrangements are made.*

Office Staff

Samantha Dabbs is the Office Manager for Triad Counseling and Clinical Services, LLC. Her office hours are 9:00am-4:30pm Monday – Thursday. Tori George is the Office receptionist for Triad Counseling and Clinical Services, LLC. Her office hours are 8:45 am – 3:30pm Monday-Thursday. Inquiries about accounts and insurance should be directed to either member of the staff, should you have a concern.

Use of Mind-altering Drugs or Alcohol

No smoking is allowed in the building. Please do not appear for a session under the influence of any mind-altering drug, including alcohol. Should the situation occur, the therapy session will not take place and you will be charged in full for the session. Such an occurrence may be considered grounds for termination of therapy.

Complaint procedures

If you are dissatisfied with any aspect of your counseling with my services, I ask that you first inform me so I can take steps to remedy the situation. If you think you have been treated unfairly or unethically by me or any other counselor, and you have been unable to resolve the problem with me, you can contact the North Carolina Board of Licensed Professional Counselors at P.O. Box 77819, Greensboro, NC 27417 (Phone: 844-622-3572 or 336-217-6007) for clarification of client rights or to lodge a complaint.

If you have any questions, please discuss them with me. To indicate that you have read and understand the information presented to you, please sign and date the form. A copy for your record will be returned to you, and one will be kept by this office in your confidential records.
