

Agenda

Clifford Township Planning Commission

September 13, 2022

Approval of August Minutes.

Old Business

“Richard Suraci” subdivision update. All is good! The delay was due to the county incorrectly filing the subdivision map, and not because of a DEP hold up. The DEP application for a septic waiver for the 2 acres has now been approved.

Tom Campbell reports that although John and Liz Lane’s property is more than 4 acres, the deed states the property may not be subdivided. Thus, it will be a Land Development application. They will appear at a future meeting.

New Business

None.
