

WARRANTY

ENGINES come with a thirty (30) day warranty under normal driving conditions. Engines are guaranteed against engine knock and excessive smoking. This warranty is void if the engine has been disassembled before our inspection or if the center of installed heat tab has been melted or removed. Accessories, such as alternators, starters, carburetors, distributors, fuel pumps and water pumps are not covered under this limited warranty unless noted on your sales receipt.

TRANSMISSIONS come with a thirty (30) day limited warranty under normal driving conditions. All limited warranties are void if transmission have been dismantled prior to our inspection.***Prior to installation of your recycled used auto part, we suggest that you perform the following pre-installation maintenance. By performing the pre-installation maintenance you will prolong the life of your recycled part and protect its warranty. PRE-INSTALLATION MAINTENANCE(1)-replace front seals(2)-replace axle seals(3)-install new transmission filter kit(4)-flush & inspect transmission cooling lines(5)-add fluid levels to manufacturers suggested levels (6)-properly align torque converter(7)-adjust throttle position sensor cable**COMPARE BEFORE INSTALLATION!*****

A/C COMPRESSORS: Must be installed by an A/C certified technician in order to be covered by this warranty. All receipts must be provided upon return of this part.

SOLD AS IS: As Is means that this part is sold as parts only, no warranty is implied.

PARTS come with a standard 30 day "parts replacement" warranty. It does not cover parts that are improperly installed or damaged. "All special order parts are non-returnable". Receipt must be provided to replace all parts No Cash Refunds

EXTENDED WARRANTIES ARE ALSO AVAILABLE, CALL YOUR SALES PERSON FOR MORE DETAILS.
