Garnett Remembers Patriotic Banner Project Area

The location of the Garnett Remembers Patriotic Banner Project is marked on the map above in **RED**. We encourage you to view all 313 banners representing 320 honorees.

YELLOW RIBBON TRIBUTE

The yellow ribbons found on banner poles this year signifies a story about these brave men and women. Please visit the *Garnett Remembers* Patriotic Banner Project Area and look for these *Yellow Ribbon honorees*. Next year, we will pay tribute to another selection of banner honorees. Click on the QR Code (or weblink) below for the entire stories. Special thanks to Chelsey D'Albini and Kris Hix for their help on the *Yellow Ribbon Tribute*.

Every face tells a story, and every face has a name. Each person's experience is vastly different from the next, but each story is vital to understanding our past. The men and women recognized tonight have stories left to tell. Some will be full of laughter, some full of tears, but each story is important. Each story deserves to be told.

Paul H Drum was drafted into service at the age of 38, which was much older than most of the soldiers in his company. He was delayed from the D-Day attack in June 1944 and held back in England until August. Stuck on a boat overnight in the English Channel before setting foot on Utah beach at Normandy, this man from Westphalia, Kansas was on the brink of history the World would never forget.

In the months before graduation, two households in Garnett, were listening to the pleas of two young men who wanted to enlist in the United States Navy. The Yearbooks from High School show their pictures, always together. Sheern then Shinkle. Where there is one, there is the other. **Gene Sheern's** parents had to sign for him to enlist before he was 18, and with his friend **John Shinkle**, they entered basic training together and deployed together on the USS Mt Hood. The USS Mt Hood was an ammunition ship that after 18 men departed for shore leave, exploded on 10 November 1944. The only remaining proof of her existence was the 16-foot crater on the sea floor. Gene Sheern and John Shinkle, brothers in arms, died together that day.

Pat Sheern, Gene's little brother, was also born in Garnett. He enlisted and went to war, just like his father and brothers. He was a humble man when it came to his service. He served aboard the USS Hornet for 3 years as an electrician. The Hornet was a carrier and deployed regularly to Vietnam with the 7th Fleet off the coast of South Vietnam. Pat was involved in the "Fleet Rehabilitation and Modernization II" Program. He would have helped install AN/SQS-23 Sonar equipment. The Hornet was responsible for escorting the attack carriers in the South China Sea and provided combat search and rescue. After Pat's tour ended, the Hornet would go on to be the recovery vessel for the Apollo 11 Astronauts returning from the moon.

After 30 years of military service, **Jay Selanders** retired from the Kansas Air National Guard as a Brigadier General. He was the assistant Adjutant General-Air, and Commander, Kansas Air National Guard. Jay is a veteran KC-135 pilot. He flew in Operations Desert Shield and Desert Storm, where he received the Distinguished Flying Cross for his actions in recovering a badly damaged aircraft. He has flown in support of numerous other operations, including Operation Iraqi Freedom and Operation Enduring Freedom.

About the Garnett Remembers Project

"Garnett Remembers" is a patriotic pole banner project the City of Garnett has undertaken to recognize and honor those who have, or are currently serving in the United States Military with ties to the Garnett area. Please see the map inserted in this program for the street locations within the project area. These banners fly from Memorial Day Weekend through Independence Day (July 4) annually. There are 320 banner honorees. The banners are hung with pride by the Garnett Electric Distribution Department.

How You Can Help

Donations are sincerely appreciated for maintenance of this project. Please contact the Garnett Community Development & Tourism Department, or visit www.simplygarnett.com for more information on how you can support this project. Tax-deductible donations are accepted through the Garnett Community Foundation.
