

Bassateen Towers

Location: Riyadh KSA
Project Value: 500 Million US
Services Provided: Landscape Design & Urban Design
Size: 25 Hectares
Client: Al Rajhi Family

Al Rajhi Tower is a \$500 million USD tower located in the capital of Riyadh, Saudi Arabia. Designs for the sail-shaped tower have been drawn up by architects at Atkins. The tower is being built on behalf of the Al Rajhi family and will be used for commercial purposes. The family, considered by most in Saudi Arabia, as the country's wealthiest non-royals, is among the world's leading philanthropists.
