

**SCOPE OF WORK  
DESCRIPTION OF IMPROVEMENTS/ITEMS TO BE FURNISHED**

**Work includes but not limited to the asphalt milling of 2" of asphalt surface course, 6" asphalt patches and placement of 2" of asphalt surface course within Barrington Township. These streets are located in the College Street Subdivision. The work will encompass Cook Street, Yale to Cornell (See Map). We propose picking up at each intersection and not paving through as it would change the crown of the intersecting roadways.**

The bidder agrees to complete the work within **twenty-one (21) calendar days of commencement** or by **November 1, 2019**, unless additional time is granted by the Supervisor. A penalty in the amount of \$500.00 per working day shall be applied against the successful bidder in the event the work is not completed by the specified date.

A 'Certificate of Insurance' will be required with the submission of this bid.

Pre-qualification of the bidder by the Illinois Department of Transportation (  ) **WILL**  
(  ) **WILL NOT** be required as part of this bid.

An Affidavit of Availability (  ) **WILL** (  ) **WILL NOT** be required as part of this Bid.

The bidder shall provide a proposed construction calendar to insure the orderly and continuous progression of the work.

All work will be guaranteed for a period of one (1) year after final acceptance of the project against faulty material and/or workmanship. If any defect(s) appear(s) within the one (1) year guarantee period, the Contractor will repair any and all such defect(s) solely at his cost and at no cost to the Township.

**GENERAL PROVISIONS**  
**BIDDING REQUIREMENTS**

1. Sealed bids **SHALL BE DUE** no later than **Noon on Friday, the 9th day of August, 2019 at BARRINGTON TOWNSHIP, 602 S. HOUGH STREET, BARRINGTON, ILLINOIS, 60010** and shall be submitted on the forms herein provided.
2. All sealed bids **WILL BE OPENED AT 11:00 am on Monday, the 12<sup>th</sup> day of August, 2019 at the BARRINGTON TOWNSHIP, 602 S. HOUGH STREET, BARRINGTON, ILLINOIS, 60010.**
3. The Bidder declares that he has carefully examined the Instruction to Bidders, Proposal Form, Plans, Specifications, Form of Contract, Contract Bond, and Special Provisions, and that he has familiarized himself with all of the local conditions affecting the contract and the detailed requirements of construction and understands that in making this Proposal he waives all right to plead any misunderstandings regarding the same.
4. Bidders are required to acquaint themselves fully of the conditions relating to construction and labor under which the work will be performed. The Contractor must employ, insofar as possible; such methods and means in carrying out the work as will not cause any interruption or any interference with any other Contractor. Bidders are required to inform themselves fully of the conditions relating to prevailing and predetermined labor rates and the applicable laws relating thereto, and shall be governed thereby. All work performed is subject to the provisions of the Illinois Prevailing Wage Act, 820 ILCS 130/1. Wages must be paid in accordance with the Prevailing Wage Act.
5. If any person contemplating submitting a bid for the proposed contract is in doubt as to the true meaning of any part of the plans, specifications or other proposed contract documents, he may submit to the Clerk of the Township a written request for an interpretation thereof. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the proposed documents will be made only by addendum duly issued and a copy of such addendum will be mailed or delivered to each person receiving a set of such documents. The Township will not be responsible for any other explanation or interpretation of the proposed documents.
6. The Bidder understands and agrees that if his Proposal is accepted, he is to furnish and provide all necessary machinery, tools, apparatus, and other means of construction, and to do all of the work and to furnish all of the materials specified in the Contract, except such materials as are to be furnished by the Township, in the manner and at the time therein prescribed, and in accordance with the requirements therein set forth.
7. The Bidder declares that he understands that the quantities listed on the Proposal Form and in the plans are approximate only and that they are subject to increase or decrease; and that he will take in full payment thereof the amount and the summation of the actual quantities, as fully determined, multiplied by the unit prices shown in the schedule of prices contained within the Proposal Form.
8. The Bidder agrees that the unit prices submitted within the Proposal Form are for the purpose of obtaining a gross sum, and for use in computing the value of extras and deductions. If there is a discrepancy between the gross sum bid and that resulting from the summations of the quantities multiplied by their respective unit prices, the latter shall apply.

## GENERAL PROVISIONS

### BIDDING REQUIREMENTS cont'd

9. The Bidder further agrees that if the Township decides to extend or shorten the work, or otherwise alter it by extras or deductions, including the elimination of any one or more of the items, he will perform the work as altered, increased or decreased, at the Contract unit prices. Progress of the work covered by this Contract order other work or materials incidental thereto and that all such work and materials as do not appear in the Proposal or Contract as a specific item accompanied by a unit price, and which are not included under the Bid price for other items in this Contract, shall be performed.
10. It is understood that the quantities listed are estimated, and the amount to be shipped, delivered or constructed may be varied as the Supervisor may direct.
11. The Bidder shall set forth the price at which he proposes to furnish the items per unit, applied to any road in the Township.
12. Any erasures or alterations in the unit prices and/or in the products of the respective quantities and unit prices in this proposal, must be properly authenticated by the bidder by initializing in ink such erasures or alterations to avoid cause for rejection of the proposal.
13. The items shall meet the minimum requirements of the State Standard Specifications for Road and Bridge Construction Supplemental Specifications and Recurring Special Provisions, current edition, prepared by the Illinois Department of Transportation, Manual of Uniform Traffic Control Devices for Streets and Highways, current edition and the Standard Specifications for Water and Sewer Construction in Illinois, current edition.
14. The Supervisor reserves the right to reject any, or all, proposals and to accept the whole, or part of, a proposal, and to waive any technicalities.
15. The Supervisor shall give the successful bidder construction instructions within a reasonable time before the items are to be required; the successful bidder shall, within a reasonable time after the receipt of such instructions, commence the work as required.
16. Every thirty days upon satisfactory construction of the required items, a warrant shall be issued to the Supervisor for the payment of such construction of the required items, and signed by the Supervisor and attested by the Township Clerk.
17. The Supervisor reserves the right to increase the amount of the items or work to be constructed provided the total amount of such increase *does not exceed twenty-five (25%)* of the original contract price. Should any change in the quantities be made, the successful bidder shall perform the work as increased, or decreased, at the original contract price. No allowances shall be made for anticipated profits by such changes, nor shall such changes be considered as waiving or invalidating any condition or provision of the contract.
18. The Supervisor may cancel the entire contract or any part thereof, if conditions over which he has no control force the halting or reduction of the work by the Township.
19. If the successful bidder shall fail, or refuse to, furnish any part of the items required, the Township Supervisor shall have the right to purchase the amount required on the open market and charge the difference to the successful bidder.

## **GENERAL PROVISIONS**

### **BIDDING REQUIREMENTS cont'd**

20. The Successful Bidder agrees to execute a Contract for this work and present the same to the Township within fifteen (15) days after the receipt of the Notice of Award and the Contract by him.
21. The Successful Bidder shall also within fifteen (15) days after the receipt of the Notice of Award and the Contract, execute and deliver to the Barrington Township Supervisor a surety bond in the sum of not less than one hundred (100%) percent of the established amount of the contract. The bond must be issued by a surety licensed to do business in the State of Illinois and shall be conditioned on the faithful performance and completion of the bidders contract and shall name the Barrington Township as Owner, guaranteeing the faithful performance of the work in accordance with the terms of the Contract.

**SPECIAL PROVISIONS**  
**SUBLETTING OF CONTRACT**

Within fifteen (15) days after the receipt of the Notice of Award and the Contract, the Contractor shall submit to the Barrington Township Supervisor a list of all the sub-contractors that are to be performing or constructing any type of work in this Contract. The list shall include the sub-contractor's name, address, contact person, phone number, type and amount of work to be performed by the sub-contractor.

**SPECIAL PROVISIONS  
PROPOSAL GUARANTY**

Each proposal shall be accompanied by either a bank draft drawn on a New York, Chicago or St. Louis Exchange, or by a bank cashier's check or a properly drawn certified check for not less than five (5%) of the amount of the bid.

If a combination bid is submitted, the proposal guarantees which accompany the individual proposals making up the combination will be considered as also covering the combination bid.

Checks shall be made payable to Barrington Township. The proposal guaranty checks of all except the two lowest bidders shall be returned promptly after the proposals have been checked and tabulated. Proposal guaranty checks of the two lowest bidders shall be returned as soon as the contract and contract bond of the successful bidder has been executed, approved and filed with the Township Supervisor.

**NOTICE: IF A BID BOND IS TO BE USED IN LIEU OF PROPOSAL GUARANTY, THE ENCLOSED IDOT FORM MUST BE USED.**

**SPECIAL PROVISIONS  
INSURANCE REQUIREMENTS**

Not later than the time of the award of the contract, and the execution of the surety bond, the successful bidder shall deposit with the Township Supervisor the following:

1. One (1) original and (1) copy, evidence Owner's Protective Liability Insurance Policy naming the Barrington Township, as the insured. The amounts of insurance shall be two million (\$2,000,000.00) dollars per occurrence for bodily injury and two million (\$2,000,000.00) dollars per occurrence for property damage.

**ANY RESTRICTION OR LIMITATION COVERAGE AS RESPECTS  
PUNITIVE OR EXEMPLARY DAMAGES IS NOT ACCEPTABLE.**

2. Contractor's insurance- The contractor shall furnish the Township Supervisor certificates, in duplicate, from the contractor's insurance company evidencing insurance coverage's required in the following paragraphs.

"This insurance specially covers liability assumed by the insured under this Contract."

The certificates shall stipulate that the insurance shall not be cancelled or changed while the work is in progress without thirty days prior notice by Certified Mail to the Township Supervisor.

The Contractor shall provide and maintain the following:

1. Workman Compensation, Occupational Disease and Employers Liability as required by the laws of the State of Illinois and to the minimum statutory limits prescribed by such regulations. If any of the work is sublet, the contractor shall require his sub-contractor to provide the same insurance for the latter employees, unless such employees are covered by the contractors insurance.
2. Liability Insurance- Comprehensive form coverage's on all operations, including property damage to property physically controlled, protective, products, and contractual liability, the motor vehicle liability owned, non-owned and hired.

**The amounts shall be two million (\$2,000,000.00) per occurrence for bodily injury and two million (\$2,000,000.00) per occurrence for property damage.**

The insurance companies shall be licensed to do business in Illinois.

## **SPECIAL PROVISIONS INDEMNIFICATION**

In addition to the requirements of the Standard Specifications, the Contractor shall indemnify and hold harmless the Township, its officers, agents and employees against all loss, damage or expense that it or they may sustain as a result of any suits, actions, or claims of any character brought on account of injury to or death of any person or persons, including all persons performing any work under this Contract which may arise in any way in connection with the work to be performed under this Contract, including but not limited to suits, actions or claims arising under "An Act providing for the protection and safety of persons in and about the construction, repairing, alteration, or removal of buildings, bridges, viaducts, and other structures, and to provide for the enforcement thereof," approved June 3, 1907, as amended. The Contractor shall also indemnify and save harmless the Township, its officers, agents and employees, from all suits, actions or claims of any character brought because of any injuries or damages received or sustained by any person, persons, or property on account of, or in consequence of, any neglect in safeguarding the work; or through use of unacceptable materials in constructing the work; or because of any act or omission, neglect, or misconduct of said Contractor; or because of any claims or amounts recovered for any claims or amounts arising or recovered under the "Workmen's Compensation Act", or any other law, ordinance, order, or decree, and so much of the money due the said Contractor under and by virtue of his Contract as shall be considered necessary by the Township for such purposes, may be retained for the use of the Township; or in case no money is due, his surety shall be held until such suits, actions or claims have been settled and suitable evidence to that effect furnished to the Township.

In addition, the Contractor shall hold the Township, its officers, agents and employees harmless for any and all claims for labor, material, apparatus, equipment, fixtures or machinery furnished to the Contractor for the purpose of performing the work under the Contract; and the payment of all direct or indirect damages to any person, firm, company or corporation suffered or sustained on account of the performance of such work during the time the Contract is in force.

In the event that, as a result of any agreement or actions taken, the Township is made a party defendant in any litigation arising by reason of any agreement, the Contractor agrees to defend and hold harmless the Township, its officers and agents, from any suits, claims, demands, set offs or other action reduced to judgement arising therefrom. The obligation of the Contractor therefore shall include and extend to payment of reasonable attorneys' fees for the representation of the Township and its said officers and agents in such litigation and include expenses, court costs and fees; it being understood that the Contractor shall have the right to comply with such attorneys to represent the Township and its officers and agents in such litigation subject to the approval of the Township, which approval shall not be unreasonably withheld. The Contractor shall have the right to appeal to courts appellate jurisdiction any judgement taken against the Township or its officers or agents in the respect, and the Township shall join in any such appeal taken by the Contractor. The Contractor shall hold the Township, its officers, agents and employees harmless for any and all claims for labor, material, apparatus, equipment, fixtures or machinery furnished to the Contractor for the purpose of performing the work under the Contract; and the payment of all direct and indirect damages to any person, firm, company or corporation suffered or sustained on account of the performance of such work during the time the Contract is in force. The Contractor shall execute the "Hold Harmless Agreement" in the form attached.

**SPECIAL PROVISIONS**  
**FAIR EMPLOYMENT PRACTICES**

In addition to all other labor requirements set forth in this proposal and in the Standard Specifications for Road and Bridge Construction, adopted by the Department of Transportation during the performance of this contract, the contractor for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

During the performance of this contract, the contractor agrees as follows:

1. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
2. That, if it hires additional employees in order to perform this contract or any portion hereof, it will determine the availability of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.
3. That, in all solicitations or advertisements for employees placed by or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, national origin or ancestry.
4. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the contractor's obligations under the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts. If any such labor organization or representative fails or refuses to cooperate with the contractor in its efforts to comply with such Act and Rules and Regulations, the Contractor will promptly so notify the Illinois Fair Employment Practices Commission and the Contracting agency and will recruit employees from other sources when necessary to fulfill its obligations hereunder.
5. That it will submit reports as required by the Illinois Fair Employment Practices Commission's Rule and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Commission or the contracting agency, and in all respects comply with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.
6. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and the Illinois Fair Employment Practices Commission for purposes of investigation to ascertain compliance with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.
7. That it will include verbatim or by reference the provisions of paragraphs 1 through 7 of this clause in every performance subcontract as defined in Section 2.10 (b) of the Commission's Rules and Regulations for Public Contracts so that such provisions will be binding upon every such subcontractor; and that it will also so include the provisions of paragraphs 1, 5, 6, and 7 in every supply subcontract as defined in Section 2.10 (a) of the Commission's Rules and Regulations for Public Contracts so that such provisions will be binding upon every such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with applicable provisions of this clause by all its subcontractors; and further it will promptly notify the contracting agency and the Illinois Fair Employment Practices Commission in the event any subcontractor fails or refuses to comply therewith.

**SPECIAL PROVISIONS**

## **CUTTING HOT-MIX ASPHALT SURFACE**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, this work shall consist of the cutting of the asphalt surface wherever indicated and to depth as shown on the plans and as required by the Township. The asphalt surface shall be cut to a straight line and a vertical plane by a method approved by the Township. It shall be the responsibility of the Contractor to determine the thickness of the existing asphalt surface course as well as underlying pavement layers as may be impacted by the required cutting. No additional compensation will be allowed because of variations from the assumed thickness or from the thicknesses shown on the plans.

*This work will be paid for at the contract unit price per foot for cutting asphalt surface (LF).*

## **SPECIAL PROVISIONS**

### **TEMPORARY BUTT JOINTS**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, immediately after the removal of the existing asphalt surface, temporary butt joints shall be constructed at the saw cut limits of removal. Where the streets to be resurfaced abut existing streets, and at the ends of the improvement as shown on the plan sheets, care shall be taken to provide a straight edge butt joint. *This cutting shall be included in the contract unit price per foot of cutting hot-mix asphalt surface (LF).* The butt joints are to be constructed with hot-mix asphalt surface course or leveling binder and compacted as directed by the Township. A coated paper bond breaker shall be placed between the butt joint and the existing surface. The butt joints shall be removed and the exposed surfaces primed just prior to the placement of the specified hot-mix asphalt paving material.

*The cost of construction and removing the butt joints shall be paid for at the contract unit price per foot (LF).*

## **SPECIAL PROVISIONS**

### **ASPHALT SURFACE REMOVAL**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, this work shall consist of the grinding/milling and disposal of the roadway courses. Existing roadway shall be sawcut to a neat/clean edge parallel/perpendicular to edge of road as directed by Township and shall be incidental. Equipment and methods used for removing the roadway shall be such as to prevent damage to existing roadway. Upon completion of the grinding/milling operation any excess material, dust or debris remaining on the pavement shall be removed by means of a mechanical street sweeper following directly behind the grinding/milling operation and shall be considered incidental. Any damage to bricks, decorative stones or concrete on driveways, medians or other areas adjacent to the pavement to be ground/milled shall be repaired or replaced at the cost of the Contractor and the repair work shall meet the approval of the Township.

*This work will be paid for at the contract unit price per square yard (SY).*

## **SPECIAL PROVISIONS**

### **SUBGRADE INSPECTION**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, prior to placing the Class D patches, the subgrade shall be inspected and approved for shape and bearing capacity by the Township. The bearing capacity shall be determined by "proof-rolling" with at least a 35,000 pound rubber-tired vehicle load. Deflections of more than one inch (1") under the load will be considered unsatisfactory and the existing material shall be removed under **SPECIAL PROVISIONS for CLASS D PATCHES**.

*This item shall not be paid for separately but shall be considered incidental to the contract.*

#### **SPECIAL PROVISIONS**

##### **CLASS D PATCHES TYPE I, II, III AND IV ( 6 INCHES )**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, patching areas will be marked by the Township after streets have been milled and before levelling binder has been placed. These areas would have been "proof-rolled" as described under **SPECIAL PROVISIONS for SUBGRADE INSPECTION**. The unsatisfactory existing material shall include the removal of failed roadway and base material to a depth of six inches (6") below the milled pavement. All existing bituminous material shall be sawcut or milled to a clean edge. All surfaces shall be swept and primed. Finally, the base course shall be installed in two - three inch (3") lifts.

*This item shall include the sawcutting of bituminous material, removal of all material, compacting of sub grade and the installation of bituminous asphalt and shall be paid for in square yards (SY).*

#### **SPECIAL PROVISIONS**

##### **BITUMINOUS MATERIALS (PRIMECOAT)**

##### **AGGREGATE (PRIMECOAT)**

In addition to the requirements of the Standard Specifications for Road and Bridge Construction, the primecoat shall consist of the application of an emulsified asphalt SS-1, diluted 50-50 and applied at a rate of 0.05 – 0.1 gallons per square yard. The primecoat shall be covered immediately following its application with a fine aggregate mechanically spread at a uniform rate of 2 – 4 pounds per square yard. All roadways shall be swept to the satisfaction of the Township before the primecoat is applied. Special precautions shall be taken to adequately warn motorists of the fresh primcoat. Signs shall be placed at the beginning and end of each section and at all intersecting streets. The Contractor shall be liable for all damage claims arising from his failure to adequately warn motorists.

The following special conditions apply to the application of the primecoat. Any deviations must be approved by the Township.

1. The Contractor shall notify the Township 48 hours in advance of the priming of each section so that notice might be given to residents warning them of the impending priming.
2. Primecoat shall not be applied more than 24 hours before a section of street is resurfaced.
3. Only one half of the road shall be primed at a time unless the road can be blocked and traffic detoured around the priming. Sufficient signs, flagmen, and barricades shall be used to insure that motorists do not travel on the prime until it has cured.

#### **SPECIAL PROVISIONS (cont'd)**

##### **BITUMINOUS MATERIALS (PRIMECOAT) (cont'd)**

## **AGGREGATE (PRIMECOAT) (cont'd)**

4. If a temporary detour cannot be utilized, one-way traffic shall be maintained by use of flagmen.
5. Priming hours shall be determined by the Township for each particular section of roadway.
6. If traffic cannot be kept off fresh prime with the above procedures, the Township shall require priming to be done in immediate conjunction with paving operations.

*This item shall include the sweeping of bituminous pavement, detouring, signage, flagmen, placement of primecoat and shall be paid for in gallons (GAL).*

*This item shall include the placement of a fine aggregate over the primecoat and shall be paid for in tons (TON).*

## **SPECIAL PROVISIONS**

### **WORKING DAYS**

In addition to the requirements of the Standard Specifications, the following restrictions shall apply: No work shall be performed which requires the temporary stoppage of traffic for any reason between the hours of 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m. Monday through Friday. Additionally, no work shall be performed before sunrise, after sunset, or on Saturday or Sundays unless the Township's written permission is obtained. For this Contract all work shall be completed by the Contractor to the satisfaction of the Township within twenty-one (21) calendar days after notification in writing to start work by October 10, 2019; chronologically whichever deadline is first.

## **SPECIAL PROVISIONS**

### **PARTIAL PAYMENTS**

In addition to the requirements of the Standard Specifications, the following restrictions shall apply: Every thirty days upon satisfactory construction of the required items, the contractor will formulate and submit to the Township an approximate estimate, in writing, of materials in place complete, the associated inspection forms, the amount of work performed, and the value thereof, at the contract unit price. Payment will not be made until satisfactory waivers of lien and certified payroll are received and approved by the Township.

## **SPECIAL PROVISIONS**

### **FINAL PAYMENT**

In addition to the requirements of the Standard Specifications, the following restrictions shall apply, the Contractor will be responsible for formulating and submitting to the Township the final estimate and invoice, in writing. This invoice will be reviewed by the Township and revised, if necessary to show "As-Built" quantities and dimensions. The Township will then forward the final invoice or revised final invoice to the Contractor for approval and acceptance of work. Payment will not be made until satisfactory waivers of lien and certified payroll are received and approved by the Township.

## **SPECIAL PROVISIONS**

### **PUBLIC CONVENIENCE AND SAFETY**

The Contractor shall maintain entrances and side roads along the proposed improvement; interference with traffic movements and inconvenience to owners of abutting property and public shall be kept to a minimum. Any delays or inconveniences caused the Contractor by complying with these requirements shall be considered as incidental to the contract, and no additional compensation will be allowed. It is understood that the streets involved may have to be closed for short periods of time during excavation and placement of base course. Residents who have P.C.C. driveway aprons or proposed curb and gutter in front of their driveways will not have access until the concrete has cured.

Construction signs referring to temporary lane closures during work hours shall be removed or covered during the non-work hours. Excavation along the edge of pavement or other obstructions within 15 feet of the edge of pavement shall be barricaded during non-work hours. During all construction operations, the Contractor will be required to provide, erect and maintain proper signage and barricades plus provide flagmen as necessary for safe traffic control. All provisions relating to traffic control, signage, barricades and the use of flagmen shall be subject to the approval and the direction of the Township.

To insure that safe and efficient traffic control and protection is provided at all times, the Contractor shall provide to the Township the telephone number of his employee or agent who is responsible for traffic control and protection and shall confirm that this representative will be available at any time, day or night, to correct, add to or modify any traffic control devices or provisions to assure safe and efficient traffic operations.

The Contractor will not be allowed to close any street to through travel without the prior approval of the Township. The Contractor will be required to provide all warning signs, barricades, traffic cones, flagmen and other appurtenances as the Township deems necessary to guarantee the safety of motorists and pedestrians during construction. Cross streets will be closed as necessary with the Contractor supplying proper barricades and detour signing. The Contractor shall report all necessary closures to Barrington Township Supervisor, who will then notify the police and fire department. It is the contractor responsibility to notify the residents of driveway closures. The contractor shall make every effort to minimize driveway closures. The contractor shall use crushed stone placed to grade on driveways/roadways, until such time as temporary pavement can be placed. This item shall be incidental to the contract.

The Contractor is to plan his work so that there will be no open holes in the pavement and that all barricades will be removed from the pavement during non-work hours. Roads and Driveways shall be keep clean on a daily basis, from dirt and construction debris.

*This work will not be paid for at the contract unit price per lump sum under traffic control (LS) but shall be considered incidental to the contract.*
