HAND: Right

DRAW WEIGHT: 45#

AMO LENGTH: 58"

PRICE: \$89.00

SHIPPING & HANDLING: \$19.00

TOTAL COST: \$108.00

DESCRIPTION: Here is an economical Ben Pearson Special 7300. Were this a higher-end bow, I would have refinished the riser. However, it was sanded a bit and clean-up with a few new coats of Tru-Oil. Bow has no delamination; no cracks; limbs are straight. Tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is a structurally sound bow in excellent condition for its age. If you're looking for a serviceable all-purpose budget bow, this is a good choice. Because this bow does not have tip overlays, I recommend using only a Dacron string.
