General Payment Information

All payments are due before the start of each appointment and all payments are made by using PayPal which accepts the same four major credit cards in all countries (AMEX, Visa, Master Card and Discover). Allied Pre-Paid Advantage Plan Clients have each of their scheduled appointments deducted from the total of their remaining Allied Advantage Plan Appointments (8, 12 or 16). Enrolment in the Allied Pre-Paid Advantage Plan has several major advantages including a savings cost of 10, 15, or 20% off the regular fee, reserved same weekly or monthly appointment times, plus extended weekday and weekend appointment hours. However, clients can always choose to pay the regular appointment fee. Allied Pre-Paid Advantage Plan Sessions are not refundable, and most clients work with us for 8 to 16 sessions because Scientific Success Studies have shown it frequently takes that long to successfully change any behavior. Of course, some clients choose to work with us even longer while other clients choose to return for several "Review & Revise Sessions" to help maintain their success results. To avoid any additional appointment charges, a minimum of 24 hours is required for rescheduling or canceling all appointments. Adult clients or Parents are responsible for all service fees including late cancellations or missed appointments. Read specifics about The Three Different Allied Pre-Paid Advantage Plans below and decide which one may work best for you or your family.

The Three Different Allied Pre-Paid Advantage Plans & Discounts

Everyone values saving money and time while receiving impeccable service and this is what all the Three Different Allied Pre-Paid Advantage Plans offer clients. Each plan's specific time frame, number of sessions and savings is listed below so choose the plan that works best for you or your family.
