OPEN HOUSE BULL SALE

Saturday, March 2, 2019

(Storm Day: March 4, 2019)

6 miles north of Towner, North Dakota

Dinner served at 1 p.m.

Sale to follow at 2 p.m.

Cattlemen and Friends:

You are invited to attend our OPEN House bull sale March 2, 2019. Thank you to everyone who attended our sale a year ago.

We are pleased to have the Wagners contributing 8 excellent bulls to this sale. Joe Hickel will handle the bidding process again this year.

The bulls we are offering for sale are the results of our grass and hay cowherd. The cows do not receive lick tubs, silage, grain or supplemental fat. And our calves never receive creep feed. I will not add unnecessary expensive inputs just to create the illusion of progress. The bulls are being fed the same as the last 20 years. Grass hay, alfalfa hay free choice in bale feeders. They are fed wheat midds pellets and ground corn; half of each and never exceed 11 lbs. per day total. I stay away from maximum feeding of these bulls. I want you to know exactly what they look like, not the extra inflated overdone look. Obese bulls are just future problems.

I am very proud of the genetics represented in these bulls, and confident in their ability to consistently produce productive females for you. I have never had a membership in the Angus bull of the month club. I prefer to know the people behind the

genetics we use, because it is just as important.

My favorite thing to look at is an Angus pedigree full of old cows. Old cows represent great things to me: Fertility, and the just right amounts of size, performance, milk and soundness. Building a great cowherd is not a sprint, it is a marathon.

Pictures of bulls that we have sold in past sales are featured in this sale book. I usually take the pictures when bull deliveries are being made in April and May. They are not slicked off yet, but I refuse to Photoshop a picture. Bulls really do look like this in the real world.

Please come and spend the day with us. If you have any questions, please don't hesitate to ask. And yes it is still illegal to clip cattle here.

~Keith
