

1960 Triumph TR3A For Sale By The Original Owner, Asking \$14,250

The commission number for this TR3A is TS79836L. The engine is original and has not been rebuilt since new, but it had a valve job done in 1978. The current actual mileage is 97,348.

In January 1997 the radiator, clutch master cylinder, reservoir, brake master, pads, lines, wheel cylinders and shoes were replaced.

In May 2007 the fuel lines were replaced and in August 2007 the horn, tie rods, idler lever, steering oil seal were replaced.

In February 2008 the fuel pump, resonator and tail pipe were replaced and in May 2011 the carb float valves, points, condenser, cap, rotor, coil were replaced.

In March 2019 a complete brake job was done. The tires look good, but their age is unknown. A new luggage rack comes with the car, along with the boot and tonneau covers and the hand crank.

This TR3A is not a show car but is a solid everyday driver. That has always been well maintained to keep it in reliable driving condition. This TR3A had a red exterior and a red interior with a white top when it was new.

The location of this TR3A is in Eustis, FL 32726. Contact Frank Hughes by e-mail: ffhughes@centurylink.net or call (352) 455 -6810 with any questions that you have or to see the car.
